It will be noted that according to the foregoing (sub-division four), Pennsylvania savings banks are allowed to invest their deposits in the bonds and stocks of any city, county town or village in any of the United States. Furthermore, by the fifth subdivision bonds and mortgages are left to the discretion of the trustees in all purchases, except that they must be first mortgages on improved real estate in Pennsylvania. The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

PHILADELPHIA.—S. H. ASHBRIDGE, Mayor. JOHN M. WALTON, Comptrol'r.

Philadelphia, co-extensive with the county of the same name, is the third city of the United States, has an area of over 130 square miles, and includes a number of places which have almost the character of separate towns. The county is under city control and has no separate debt. In the following table the various issues of bonds under the general heads, Taxed City Loan and Untaxed City Loan, are given in the order of their dates of maturity.

The long-continued litigation over the issuance of the $11,200,000 bonds voted Nov. 7, 1897, was concluded May 15, 1899, by a decision of the Supreme Court confirming their validity. One half the bonds was issued July 1, 1899, and $2,800,000 on July 1, 1900. An issue of $12,000,000 was authorized at the election held Nov. 7, 1899, for the improvement of the water supply. At this date (April 1, 1901), 3 millions have been issued.

SCRANTON.—JAMES MOIR, Mayor. E. HOWELL, Comptroller. C. A. HARTLEY, Deputy Comptroller.

This city is in Lackawanna County. An attempt to place $135,000 3½ per cent bonds on the market has thus far failed. The bonds were sold Aug. 16, 1 00, but were afterwards refused by the purchaser on the ground that the election was illegally conducted. V. 71, p 1084. A second attempt to sell the bonds Dec. 6, 1900, resulted in only two bids, which were rejected. V. 71, p. 1236.

State of Delaware.

ITS

DEBT, RESOURCES, ETC.

Admitted as a State	One of Original Thirteen
Total area of State (square miles)	2,050
State Capital	Dover
Governor (term expires Jan., 1905)	John Hunn
Secretary of State (term expires with Gov.)	Caleb R. Layton
Treasurer	Martin B. Burris

Legislature meets biennially in odd years on the first Tuesday in January, and pay is limited to 60 days.

HISTORY OF DEBT.—The historical details of Delaware's State debt from 1865 to 1894 will be found in the STATE AND CITY SUPPLEMENT of April, 1894, page 72. The present extent and condition of the debt and resources of the State are given below, showing that Delaware now holds good assets more than equaling its liabilities.

LOANS— NAME AND PURPOSE.	Interest. Rate	Interest. Payable.	Principal, When Due.	Principal, Outstand'g.
Bond iss. to school fund 1881.	6	July	July 1, 1906	$156,750
Cer. to Delaware College 1877	6	J & J	perpetual	83,000
Hospital improvement 1895	3½	J & J	July 1, 1915	35,000

Part of ser. "B" refund. 1887	3	J & D	June 1, 1907	$250,000
Subject to call on or after June 1, 1897.				
Refunding, 1897	3	J & D	Dec. 1, 1927	245,000
Subject to call after 1922.				

INTEREST.—On a part of the bonds of series "B" and of the Refunding bonds of 1897 is payable at the Philadelphia National Bank in Philadelphia.

TOTAL DEBT, ETC.—The total liabilities on March 1, 1900, were $769,750. The assets on March 1, 1899, were $934,743; assets in excess of liabilities $164,993. The total assets include bank stocks $308,450; mortgages on railroads $385,000, and bonds, $161,750.

ASSESSED VALUATION.—The total assessed valuation of the State in 1890 was $74,134,401; in 1897 it was $77,632,079.

DEBT LIMITATION.—Neither the new Constitution (adopted June 4, 1897,) nor the old Constitution nor the State statutes contain any general provisions authorizing bond issues or limiting the debt-making power, *except* that the new Constitution—

(1) Forbids the State (Article 8, Sec. 3) to borrow money or create debt, "but pursuant to an Act of the General Assembly passed with the concurrence of three-fourths of all the members elected to each House, except to supply casual deficiencies, repel invasion, suppress insurrections, defend the State in war or pay existing debts."

(2) Forbids any county, city, town or other municipality (Article 8, Sec. 8) to "lend its credit or appropriate money to, or assume the debt of, or become a shareholder or joint owner in, or with, any private corporation or any person or company whatever."

(3) Forbids any corporation (Article 9, Sec. 1) to be created, etc., by special act, "but only by or under general law"; "but the foregoing provisions shall not apply to municipal corporations, banks," etc.

The above indicates that the authority as regards municipalities [except as already specified in number (2)] rests with the General Assembly, and the General Assembly always passes special acts to provide for special occasions and needs.

POPULATION OF STATE.—The population of Delaware has been as follows in the years mentioned:

1900.....184,735	1860.....112,216	1820.....72,746
1890.....168,493	1850.....91,532	1810.....72,674

1880.....	11,277,110	3,649,442	459,187,408	1·87½

The tax rate for 1902 has been fixed at $1·70 per $1,000.

DEBT LIMITATION.—There is nothing in the Constitution of Maryland limiting the power of the Legislature to authorize bond issues either by the State or by its municipalities. No general limit for cities and towns has been fixed by the Legislature, nor is there any general authorization to be found in the statutes under which cities and towns can issue bonds. This power is lodged in the Legislature, and is delegated to the municipalities from time to time for specific purposes as the occasion may arise. It is necessary, therefore, for the investor to study the law in each case on this as well as on other points affecting the loan with respect to which he may need information.

POPULATION OF STATE.—

1900	1,190,050	1860	687,049	1820	407,350
1890	1,042,390	1850	583,034	1810	380,546
1880	934,943	1840	470,019	1800	341,548
1870	780,894	1830	447,040	1790	319,728

Of the total population in 1880 22·49 per cent was colored and in 1890 20·92 per cent. In number, blacks were 165,091 in 1850; 171,131 in 1860; 175,391 in 1870; 210,230 in 1880; and 218,004 in 1880.

SAVINGS BANKS INVESTMENTS.—There are in this State general banking laws under which savings banks may be organized, and yet we notice that even in 1890 a special charter was granted incorporating the Germania Savings Bank of Baltimore. However, in both the general and special laws there appears to be a pretty general authority granted for investing the deposits. The general law states that—

Any savings institution incorporated under this article shall be capable of receiving from any person or persons, or bodies corporate or politic, any deposit of money *which shall be invested or loaned out on good security in the discretion of the directors;* provided that *no part* of the funds of said corporation *shall be loaned to any officer or director* of such corporation.

In the special law passed in 1890, which we have referred to above, the power to loan the deposits is made a little more definite. The section referring to that subject states that the "corporation shall have "power to borrow money, receive money on deposit, loan money '*taking such security therefor, either real or personal, as the Board of* 'Directors *may deem sufficient;* provided that *no part* of the funds of "said corporation *shall be loaned to an officer or director* thereof."

We cannot discover any marked difference in the two provisions cited, except that the enactment in the case of the new Baltimore bank states distinctly that the security can be either real or personal. But as much as that would, we think, be assumed as authorized under the general provision, since no limit is made and loaning on bond and mortgage is always a legitimate part of the business of savings banks.

District of Columbia.

(INCLUD'G THE LATE CORPORATION OF WASHINGTON.)

On July 1, 1878, the duties of the Sinking Fund Commissioners of the District of Columbia were transferred to the Treasurer of the United States, and since that date Congress has appropriated annually a sum sufficient to pay not only the interest on the District's bonds but also, it is believed, sufficient to extinguish the entire debt of the District upon the maturity of the 3·65 per cent loan, in 1924. Bonds are tax exempt.

The State tax (per $1,000) for 1899 was $2·84 and $2·90 for 1900.

DEBT LIMITATION.—Ohio has very carefully guarded the debt-making power of the State. This could not be said while the Constitution of 1802 was in force; for under that instrument it was competent for the Legislature to construct works of internal improvement on behalf of the State, or to aid in their construction by subscribing to the capital stock of corporations created for that purpose, or to authorize in other ways the creation of debt in unlimited amounts. But since the adoption of the Constitution of 1851 the whole situation in these particulars has changed, the legislative power with respect to the State having been limited. The same is in large measure true also of the municipalities.

FIRST, As to the State's power to contract debt, this is regulated under the first five sections of article 8 of the Constitution. Section 1 limits the power to the supply of "casual deficits in revenues or to meet expenses not otherwise provided for," but in the aggregate debts for even the purposes named cannot exceed $750,000. Section 2 contains an *exception* to the foregoing; it grants the power to contract debt in case of invasion, of insurrection, of war or of the redemption of the then existing indebtedness. Section 3 reaffirms the limit, except as above specified. Section 4 forbids the loaning of the State credit. Section 5 further forbids the assumption of debts by States. We insert these five sections in full.

SECTION 1. [*Debt limited to seven hundred and fifty thousand dollars*]. The State may contract debts to supply casual deficits or failures in revenues or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent whether contracted by virtue of one or more acts of the General Assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to re-pay the debts so contracted and to no other purpose whatever.

SECTION 2. [*Additional and for what purpose.*] In addition to the above limited power the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to re-pay such debts, and to no other purpose whatever; and all debts incurred to redeem the present outstanding indebtedness of the State shall be so contracted as to be payable by the sinking fund hereinafter provided for as the same shall accumulate.

SECTION 3. [*The State to create no other debt.*] Except the debts above specified in Sections 1 and 2 of this article, no debt whatever shall hereafter be created by or on behalf of the State.

SECTION 4. [*Credit of State; the State shall not become joint owner or stockholder.*] The credit of the State shall not in any manner be given or loaned to or in aid of any individual association or corporation whatever; nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere formed for any purpose whatever.

SECTION 5. [*No assumption of debts by the State.*] The State shall never assume the debts of any county, city, town or township, or of any corporation whatever, unless such debt shall have been created to repel invasion, suppress insurrection or defend the State in war.

The foregoing sections complete the limitation as to State debt and credit. Sections 7, 8, 9, 10 and 11 of Article 8 cover the matter of sinking funds referred to in Section 2 above. But they need not be published here.

SECOND, As to Cities, Towns, Counties, &c., so far as the Constitution affects the power of the Legislature to authorize these municipalities to create debt, the limitations are found in section 6 of article 8 and in sections 1, 2 and 6 of article 13. (1) Section 6 of article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or to raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of article 13 forbid the passing of special acts and require general acts for conferring corporate powers. (3) Section 6 of article 13 provides that the General Assembly make provision for the organization of cities, &c., by general laws and restrict their debt-making power. These sections are as follows:

ARTICLE 8, Section 6. [*Counties, cities, towns or townships not authorized to become stockholders, &c.*] The General Assembly shall never authorize any county, city, town or township, by vote of its citizens or otherwise, to become a stockholder in any joint stock company, corporation or association whatever; or to raise money for, or loan its credit to, or in aid of, any such company, corporation or association.

ARTICLE 13, Section 1. [*Corporate powers*]. The General Assembly shall pass no special act conferring corporate powers.

Section 2. [*Corporations how formed*]. Corporations may be formed under general laws; but all such laws may from time to time be altered or repealed.

Section 6. [*Organization of cities, &c.*] The General Assembly shall provide for the organization of cities and incorporated villages by general laws and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power.

One at first sight would infer from section 6 article 8 above cited that cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint-stock companies. That, however, is not a correct conclusion, as was decided in the case of Walker *vs.* The City of Cincinnati, a case which arose under an act of the General Assembly of Ohio entitled "An Act relating to cities of the first class," authorizing any such city to construct a line of railroad therefrom to any other terminus in that State or in any other State. In pursuance of the authority that act purports to give, Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legality of that proceeding this action was brought. The Court's opinion is very full and explicit, the conclusion being that from "the language "of the section it is quite evident that it *was not intended to prohibit* "*the construction of railroads nor indeed to prohibit any species of* "*public improvements.* The section contains no direct reference to "railroads nor to any other special classes of improvements or enter- "prises. The inhibitions are directed only against a particular manner "or means by which under the Constitution of 1802 many public im- "provements had been accomplished."

In compliance with section 6, article 13 (cited above), which provides for the organization of cities etc. by general law, the Legislature has made an elaborate classification of municipal corporations. First they are divided into cities, villages and hamlets. Then cities are divided into two classes, the first class being subdivided into three grades and the second class being subdivided into four grades, the grade being determined by population according to the last Federal Census.

Cities in the FIRST CLASS—First grade includes all cities of more than 200,000 inhabitants; second grade all less than 200,000 and more than 90,000 inhabitants; third grade all less than 90,000 and more than 31,500 inhabitants.

Cities in the SECOND CLASS—First grade includes all cities of less than 31,500 and more than 30,500 inhabitants; second grade all less than 30,500 and more than 20,000 inhabitants; third grade all less than 20,000 and more than 10,000 inhabitants; fourth grade all less than 10,000 and more than 5,000 inhabitants.

VILLAGES—Of the first class include all having less than 5,000 and more than 3,000 inhabitants; the second class includes all having less than 3,000 and more than 200 inhabitants.

HAMLETS—According to section 1550 of the Revised Statutes all existing corporations organized as "incorporated villages for special "purposes shall be hamlets until advanced to villages."

It is impossible to make any satisfactory generalization with regard to the bonding power the Legislature has granted these municipalities. There are a few sections of the Revised Statutes authorizing bond issues which have a universal application, such as the provision granting power to issue bonds in anticipation of special assessments, but most of the laws for that purpose cover only one class of cities, and many of them are so worded as to apply only to one city, and granting an issue of bonds for a specific purpose. No general laws limiting the powers of municipalities to incur indebtedness have been passed, although section 6, article 13, appears to require it. And yet is it not a question whether that section calls for any legislation of a general nature except a general law "for the *organization* of cities, &c."?

POPULATION OF STATE—The population of Ohio has been as follows in the years named.

CINCINNATI.—{JULIUS FLEISCHMANN, Mayor. PAUL M. MILLIKIN, Auditor.

Cincinnati is situated in Hamilton County.

In 1895 the villages of Avondale, Clifton, Linwood, Riverside and Westwood were annexed to Cincinnati and their indebtedness was assumed by that city. The Legislature of 1900 passed a bill providing for the annexation of a number of surrounding villages, subject to a vote of the places affected. The annexation project proceeded so far that the Board of Legislation had passed an ordinance providing for

an election in the territory affected, but later this ordinance was repealed (V. 71, p 1060) and the matter has since been in abeyance

The city Sinking Fund Trustees entered into an agreement with a New York firm in 1898 looking to the refunding of the Cincinnati Southern Railway bonds. This agreement was set aside by Judge Spiegel on Aug. 18, 1898, and upon appeal the State Supreme Court affirmed that ruling. V. 67, p. 189 and 442; V. 68, p. 1143. The U. S. District Court also declared the contract void. V. 71, p. 928. The Board of Trustees of the Cin. So. Ry. has also twice advertised for proposals to refund these bonds, first on Dec. 20, 1898 (V. 67, p. 1122), when all bids were rejected. They again called for proposals July 19, 1899 (V. 68, p. 1236), but only a small portion had been offered for extension when litigation again blocked further refunding operations. This suit was dismissed on Sept. 7, 1899, by Judge Davis, of the Common Pleas Court, and the decision was approved by the Supreme Court on appeal June 19, 1900. By agreement made in March, 1900, between the two boards the Board of Trustees had until July, 1901, to extend time of payment of these bonds, and if refunding was not accomplished by that time the Sinking Fund Trustees were to undertake the operation.—V. 70, p. 495. The Board of Trustees, however, has notified the Sinking Fund Commissioners that they will make no further effort to extend these bonds, and the securities will therefore be taken care of by the Sinking Fund Trustees, who will issue consolidated sinking fund bonds to provide the means for their redemption.

There were outstanding on Jan. 1, 1901, street bonds to the amount of $1,080,273 03 payable by special assessment and not included in the above statement of total debt. Of this amount bonds to the amount of $972,637 75, together with $92,500 bonds of the Board of Education, were held by the sinking fund, these, and the cash on hand amounting to $1,069,068 06, being applicable to the payment of the general bonds.

CITY PROPERTY.—The city owns the Cincinnati Southern Railroad. The rental received for the road is $1,090,000 till 1901 and then $1,250,000 till 1906, when lease expires. A proposition to sell the road to the Cincinnati Hamilton & Dayton Railway and the Southern Railway was voted on August 3, 1896, and defeated—V. 63, p. 153, 228. The State Legislature in 1898 passed a bill permitting an election to vote to extend the lease beyond 1906 (V. 66, p. 900), but at this date (April, 1901,) no proposition has yet been submitted. President Spencer of the Cincinnati New Orleans & Texas Pacific Railway Co. has submitted a proposition to the Board of Trustees for the renewal of the lease, to date from Oct. 12, 1901. The proposition is to extend the lease for a term of not less than sixty-five years at an annual rental of $1,050,000. Other considerations are also mentioned in the proposal. See V. 72, p. 499. If accepted, proposition must be voted upon. (See V. 72, p. 499.) The water-works pays the interest and sinking fund on all water bonds.

INTEREST on general improvement bonds is payable in N.Y. City; on remaining issues in Crestline.

CUYAHOGA CO.—{W. E. CRAIG, Auditor. M. A. LANDER, Treasurer.

County seat is Cleveland. The State Supreme Court has declared illegal an Act passed April 27, 1893, authorizing the issuance of bonds by a county containing a city of the first class, second grade, for the purpose of building an armory in such city. Under this decision the armory bonds included below are illegal, but under a law passed by the General Assembly in 1899 the holders of bonds may bring suit for reimbursement. See CHRONICLE, V. 69, p. 1025. Suit was brought and resulted adversely to the complainants.—V. 70, p. 241. The U. S. Circuit Court of Appeals, however, on Jan. 8, 1901, held that the county must levy a tax to satisfy these bonds.—V. 72, p. 99.

1889....	843,483,466	1·20			

The total tax rate (per $1,000) for 1899 was $2·96⅔, includin Benevolent Institution tax $0·50, school tax $1·10, State debt sinking fund tax $0·30, and Educational Institution tax $0·16⅔, in addition to the general fund tax of $0·90 as given above.

DEBT LIMITATION.—In the present Constitution of Indiana, which went into effect November 1, 1851, superseding the Constitution adopted in 1816, there are explicit provisions limiting the power of both the State and its municipalities to contract debt.

FIRST, as to the State, Section 5 of article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel invasion &c. can be contracted. The section in full is subjoined.

CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on the State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense.

In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows.

Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.

SECOND, as to municipalities, the provision contained in the Constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2 per cent of the valuation. It is article 13 of that instrument which relates to this subject, and we give the article in full below.

LIMITED—EXCESS VOID.—No political or municipal corporation in this State shall ever become indebted in any manner or for any purpose to an amount in the aggregate exceeding two per centum on the valuation of the taxable property within such corporation, to be ascertained by the last assessment for State and County taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; *Provided*, That in time of war, foreign invasion, or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporation, the public authorities in their discretion may incur obligations necessary for the public protection and defense to such an amount as may be requested in such petition.

It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder *beyond the 2 per cent limit*, for the construction of "free gravel, stone or other macadamized roads." Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the county—hence do not come within the inhibition of Section 13 of the Constitution. (See editorial in STATE AND CITY SUPPLEMENT for October, 1899, page 3.)

THIRD, counties (but no other kind of municipality) are prohibited from subscribing for any stock in a corporation unless paid for at time of such subscription. The section which covers this subject is section 6 of article 10, and is as follows.

Counties cannot take stock. No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county loan its credit to any incorporated company, nor borrow money for the purpose of taking stock in any such company; nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.

The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to authorize cities to subscribe to the stock of railroads, as it did by a general law passed in 1867 granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice one law too which authorizes counties bordering on the State line to subscribe for railroad stock and to issue bonds for the purpose of paying the subscription. In view of the above section this grant of power extended to counties would seem to be at least questionable.

COUNTIES are apparently restricted by statute to a lower than the Constitutional limit of 2 per cent in the matter of creating certain kinds of debt. For instance, Section 5749 of the Revised Statutes authorizes any county to issue bonds when necessary to construct, complete or repair court house, jail or other county buildings, or to fund existing

debt; in those cases county commissioners may borrow for that purpose not exceeding 1 per cent on assessed valuation and issue bonds therefor.

Limit of one per cent may be exceeded in counties for funding purposes in certain cases where the aggregate indebtedness in 1879 exceeded one per cent (see Revised Statutes, Section 816); also for temporary loans (see Revised Statutes, Section 5818).

Also (if the laws that have been passed are constitutional), the limit *of 2 per cent* may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county.

In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns of fifteen thousand inhabitants or over to issue bonds for legitimate corporate purposes, subject, however, to the Constitutional limit of 2 per cent on valuation. But we have not the space to set out here the details, or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes, such as water works, &c.

BILL LEGALIZING GRAVEL ROAD BONDS.—The Legislature in 1901 passed a bill (House bill No. 8) legalizing all bonds, sold or unsold, issued under an act of the Legislature, approved March 3, 1893, as amended by Acts approved March 7, 1895, and Feb. 24, 1899. All acts and orders of the Board of County Commissioners passed under these laws are by this new law legalized and made valid.

POPULATION OF STATE.—The population of Indiana has been as follows in the years named.

1900	2,516,462	1860	1,350,428	1820	147,178
1890	2,192,404	1850	988,416	1810	24,520
1880	1,978,301	1840	685,866	1800	5,641
1870	1,680,637	1830	343,031		

Between 1860 and 1870 the increase was 330,209, or 24·45 per cent, between 1870 and 1880 297,664, or 17·71 per cent, and between 1880, and 1890 214,103, or 10·82 per cent. Between 1890 and 1900 it was 14·8 per cent.

INDIANAPOLIS SCHOOL DISTRICT—{FRANK L. REISSNER, Sec. Bd. of School Com.

This district includes the whole of the city of Indianapolis and reports the same assessed valuation. The issuance of the $100,000 funding bonds was resisted in the courts, it being claimed that the debt of city and school district should be added together in computing debt limit. The courts ruled, however, that the school city and the civil city are independent corporations.—V. 71, p. 45.

Sec. of State (term ends 2d Mon. Jan. 1905) - James A. Rose
Treasurer (term ends 2d Mon. Jan. 1903) Moses O. Williamson
Legislature meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions.

HISTORY OF DEBT.—The historical details of the State debt of Illinois from 1829 to 1870, when the debt was all paid off, will be found in the STATE AND CITY SUPPLEMENT of April 1894, page 91.

BONDED DEBT.—This State had on April 1, 1901, no bonded debt, except $18,500 bonds which have ceased to draw interest, but have not yet been surrendered for payment.

EQUALIZED VALUATION.—The total equalized valuation has been as follows in the years named. The tax rate for 1900 was $5·00.

Years.	*Equalized Val.*	*Years.*	*Equalized Val.*	*Years.*	*Equalized Val.*

Under a law passed Feb. 25, 1898, there will be a general assessment of real estate but once in every four years instead of annually; personal property will be listed every year. The law also provides that property shall be appraised at full value but assessed at only one-fifth of such value.

DEBT LIMITATION.—No State has developed a greater repugnance to the creating of debt than Illinois, if we may judge from the provisions of its present Constitution. We say developed, because this antagonism has apparently been progressive. Nothing of it is to be found in the Constitution of 1818. The Constitution of 1848 contains no reference to municipalities, but has in it stringent restrictions limiting to $50,000 the power of the Legislature to create State debt, except in case of war, invasion, etc., unless the law proposing the issue of bonds is submitted to a vote of the people. But turning to the Constitution of 1870 we find the whole subject of debt-making most thoroughly considered and its basis settled.

FIRST, as to the State, the provisions are not very unlike the provisions of the Constitution of 1848, except that as to the limit for casual de-

ficits and failures of revenue, the aggregate which can be created is very properly raised to $250,000. But with that exception and with the further exception for the purpose of repelling invasion etc. no debt can be contracted unless the law is submitted to a vote of the people at a general election, which law must contain a provision for the payment of interest as it accrues, and previous notice of the election be given by publication for three months prior to such election. These last two restrictions as to interest and notice of election are only found in the 1870 Constitution. The sections which cover these matters are as follows; we omit the first portion of Section 18, which relates only to appropriations and payment of appropriations out of funds belonging to the State:

SECTION 18. * * * * * *Provided*, the State may, to meet casual deficits or failures in revenues, contract debts never to exceed in the aggregate $250,000, and moneys thus borrowed shall be applied to the purpose for which they were obtained, or to pay the debt thus created, and to no other purpose; and no other debt except for the purpose of repelling invasion, suppressing insurrection or defending the State in war (for payment of which the faith of the State shall be pledged), shall be contracted, unless the law authorizing the same shall at a general election have been submitted to the people, and have received a majority of the votes cast for members of the General Assembly at such election The General Assembly shall provide for the publication of said law for three months at least before the vote of the people shall be taken upon the same; and provision shall be made at the time for the payment of the interest annually as it shall accrue, by a tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest by such tax, shall be irrepealable until such debt be paid: *And provided further*, that the law levying the tax shall be submitted to the people with the law authorizing the debt to be contracted.

SECTION 20. The State shall never pay, assume or become responsible for the debts or liabilities of, or in any manner give, loan, or extend its credit to or in aid of any public or other corporation, association or individual.

Nothing needs to be added in explanation of the foregoing. The provisions seem to be explicit and to guard most wisely the creation of State debt.

SECOND, municipal indebtedness is regulated only in the Constitution of 1870. In that instrument the subject is dealt with in all its phases *First* is a provision in Article 8, Section 3, forbidding the General Assembly and every municipality from making any appropriation in aid of any sectarian purpose. *Second* is a "separate section" forbidding any such municipality from becoming a subscriber to the stock of any railroad, &c., or to loan its credit. *Third* is the broad and general provision Section 12, Article 9, which limits the indebtedness of all municipalities to 5 per cent "on the value of the taxable property therein," &c. We give these sections below:

ARTICLE 8, Section 3. Neither the General Assembly nor any county city, town, township, school district, or other public corporation, shall ever make any appropriation, or pay from any public fund whatever, anything in aid of any church or sectarian purpose, or to help support or sustain any school, academy, seminary, college, university, or other literary or scientific institution controlled by any church or sectarian denomination whatever; nor shall any grant or donation of land, money or other personal property ever be made by the State, or any such public corporation, to any church or for any sectarian purpose.

ARTICLE 9, Section 12. No county, city, township, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose, to an amount, including existing indebtedness, in the aggregate exceeding five per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness. Any county, city, school district or other municipal corporation incurring any indebtedness as aforesaid shall before, or at the time of doing so, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. This section shall not be construed to prevent any county, city, township, school district, or other municipal corporation, from issuing their bonds in compliance with any vote of the people which may have been had prior to the adoption of this Constitution in pursuance of any law providing therefor.

SEPARATE Sections. [Municipal subscriptions to railroads etc.] No county, city, town, township or other municipality shall ever become subscriber to the capital stock of any railroad or private corporation, or make donation to or loan its credit in aid of such corporation, *provided, however*, that the adoption of this article shall not be construed as affecting the right of any such municipality to make such subscriptions where the same have been authorized, under existing laws, by a vote of the people of such municipalities prior to such adoption.

The foregoing limitation to 5 per cent is general, as will be seen—that is, it applies to all municipalities. With this limitation preserved the Legislature has passed general laws authorizing the city council in cities and the board of trustees in villages to issue bonds for corporate purposes, for refunding and consolidating debt, for water works, etc.; and the county board of any county has been authorized by general statute to issue, when it deems it necessary, county bonds, after submitting the matter to the legal voters of the county at a general election, at which a majority vote is required as a prerequisite of the issue. Recently an attempt was made to limit "any county, city, township, school district or municipal corporation" in counties containing 125,000 or more inhabitants to 2½ per cent of the assessed value, but Jan. 12, 1900, the State Supreme Court ruled that this was an arbitrary and unnatural classification of municipalities which could not be sustained. See Vol. 70, page 242.

IMPROVEMENT BONDS.—There is a kind of improvement bond authorized in some cases which is made a special lien on the land benefited and to which the 5 per cent limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject "to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improvement district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in instalments or otherwise and such city or village may issue bonds sufficient to pay the assessment. In that case the bonds are a lien on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots, etc., to be charged must endorse upon the back of such bond his consent, under seal, in substance as follows: "I hereby indorse the within bond "and consent that the lot or lots or parts thereof therein designated "shall become liable for the interest and principal therein named and "the same shall be a lien upon said property from this date until paid "off and discharged." The bond when executed by the city or village and so endorsed by the owner shall be recorded in the recorder's office in the county, and such record shall be a notice of the lien created to the same extent as the record of mortgages is a notice.

We have room to give only this very brief and imperfect outline of this statute. The whole law will be found in the Revised Statutes of Illinois, the 1889 edition, page 303. To understand the real cause and occasion for all this machinery, one should study also the previous statute (page 99, &c.) which authorizes cities, &c., to protect themselves from overflow and inundation and control private levees, &c. After having read the two laws it will be found that the district improvement bond has been devised as a relief measure, and that it affords a wise and ingenious method for helping those in more moderate circumstances who have been taxed for a very necessary improvement to pay the tax by instalments.

PERRY COUNTY.—J. G. TAFFER, Clerk.

County seat is Pinckneyville.

The bonds below described are registered with the State Auditor. The United States Supreme Court has established the validity of Chester & Tamaroa railroad-aid bonds of this county and has declared the $100,000 B. & S. S. railroad-aid bonds invalid.

At the November (1899) election, a proposition to issue bonds to refund the Chester & Tamaroa bonds together with accrued interest, amounting in all to about $190,000, was voted upon and defeated. Since then the county has been mandamused to pay indebtedness to the amount of about $162,000 as follows. All interest due and accrued up to June 1, 1900, and 10% of principal to be paid in 1900. Interest and 15% of the remaining principal in 1901; interest and 20% of principal then remaining in 1902; interest and 25% outstanding principal in 1903; interest and 30% principal in 1904; interest and 50% principal in 1905, and the remaining amount due in 1906. In accordance with the above order 10 per cent of the judgments and accrued interest have been paid, and the county is now paying the 1901 instalment. There is now (March 1 1901) due on judgments about $125,000 and the accrued interest thereon brings the aggregate up to about $155.000 or $160,000. Refunding bonds to the amount of $150,000 were voted upon at the November, 1900, election, but were defeated. The question will probably be again voted upon in the near future.

Legislature meets biennially in odd years the first Wednesday in January, and there is no limit to the length of sessions, excepting special sessions, in which the pay of members is limited to 20 days.

HISTORY OF DEBT.—The historical details of Michigan's State debt will be found in the STATE AND CITY SUPPLEMENT of April, 1894, page 98. In 1864 the State Treasurer reported the funded debt at $3,880,399, and $1,450,472 additional "Trust fund debt." The bonded debt Jan. 1, 1901, consisted of $434,800 war loan bonds of 1898. The $19,000 of "past-due part-paid $5,000,000 loan bonds" which were adjustable at $578·57 per $1,000, amounting to $10,992·83, have never been presented for payment and bear no interest. These latter bonds not having been presented for payment prior to May 31, 1900, were forfeited to the State as per notice given to the holders at that time The "Trust fund debt" on July 1, 1900, amounted to $6,273,144 94. The term "Trust Fund Debt" is, however, a misnomer. In explanation it should be said that the United States Government set aside certain lands in the State of Michigan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law provides, however, that a certain specified rate of interest must be annually figured on the total amount accumulated from said sales and be paid over to the educational institutions specified. The amount of interest to be so paid is raised by taxation. The sinking fund applicable to the retirement of the war bonds on Jan. 1, 1901, amounted to $175,825 09.

EQUALIZED VALUATION.—Since 1856 the equalized valuation has been determined only once in five years. The following shows the equalized valuation and tax rate for State purposes for every fifth year since 1846.

Year.	Equalized Val.	Tax Rate.	Year.	Equalized Val.	Tax Rate.
1896	$1,105,100,000	$1·41	1866	$307,965,843	$1·889
1891	1,130,000,000	1·277	1861	172,055,809	2·697
1886	945,450,000	1·272	1856	137,663,009	0·472
1881	810,000,000	1·411	1851	30,976,270	3·421
1876	630,000,000	1·144	1846	29,369,065	2·50
1871	630,000,000	1·201			

In 1896 the *assessed valuation* of real estate was $805,553,976; personal property, $140,455,965; total valuation, $946,009,941.

DEBT LIMITATION.—Michigan, as noted in our history of the State's debt, started its career as a State in January 1837, when the whole land was buoyant over its inflated enterprises carried on at public expense. So to be abreast with the times, instead of putting any limit on the power of the State to create debt, it put into its Constitution a notice to the Legislature to go to work at once and make provision for "ascertaining the proper objects of improvement in relation to roads, "canals and navigable waters," that the money might be raised and these improvements might be prosecuted with as little delay as possible.

That was the spirit which ruled and the condition which prevailed in 1837. In 1850 Michigan made and adopted another Constitution. During the years which intervened the people had gained a wide experience and had evidently profited by it. Hence we find them at the latter date showing a purpose to make an instrument in its financial features about as dissimilar from the one it was to supplant as it could well be. Nothing will illustrate this change in spirit and purpose more clearly than the following limitations respecting the creation of State indebtedness which were inserted. These sections are all found in article 14 of the 1850 Constitution. which Constitution is still in force.

SECTION 3. The State may contract debts to meet deficits in revenue. Such debts shall not in the aggregate at any one time exceed fifty thousand dollars. The moneys so raised shall be applied to the purposes for which they were obtained or to the payment of the debts so contracted.

SECTION 4. The State may contract debts to repel invasion, suppress insurrection or defend the State in time of war. The money arising from the contracting of such debts shall be applied to the purpose for which it was raised or to pay such debts.

SECTION 6. The credit of the State shall not be granted to or in aid of any person, association or corporation.

SECTION 7. No scrip, certificate, or other evidence of State indebtedness shall be issued except for the redemption of stock previously issued or for such debts as are expressly authorized in this Constitution.

SECTION 8. The State shall not subscribe to, or be interested in the stock of any company, association or corporation.

SECTION 9. The State shall not be a party to, or interested in, any work of internal improvement, nor engage in carrying on any such work except in the expenditure of grants to the State of land or other property.

The foregoing sections appear to cover every branch and phase of the subject; and compared with the Constitution of 1837 what a contrast they afford!

Cities and villages, however, were left by the 1850 instrument to the discretion of the Legislature in the matter of restrictions upon their borrowing power. The provision which relates to this subject is found in Article 15, Section 13, and is as follows:

SECTION 13.—The Legislature shall provide for the incorporation and organization of cities and villages, and shall restrict their powers of taxation, borrowing money, contracting debts and loaning their credit.

In the exercise of the power granted by this section the Legislature has passed general laws governing the incorporation, taxation and bonding of cities and villages. With regard to cities the chief provisions with respect to taxation and bond issues will be found in the second volume of the 1890 revision of Howell's Annotated Statutes of Michigan, Chapter 22, on "Finance and Taxation," pages 629 to 702, Sections 2693 to 2730. The sections which mainly cover these points are the following—we give the substance not the words of the section:—

Taxes, *And in what amount they can be laid,* are defined in Section 2697 to Section 2701.

Section 2697 provides that the maximum amount which the council may raise by general tax for all general purposes (except schools and school house purposes and except as otherwise provided below) shall not exceed in any one year –

In cities having a population not over 6,000 .....1¼ per cent
In cities larger than 6,000 but not over 9,000.....1½ per cent
In cities larger than 9,000 but not over 14,000.....1¾ per cent
In cities having more population than 14,000.....2 per cent

SECTION 2698 provides that the council may also raise in each street district not exceeding one fourth of one per cent.

SECTION 2699 provides that in addition to above the council may raise by special assessment in sewer and in special assessment districts for improving streets and constructing sewers (chargeable on lands in district according to frontage or benefits) not exceeding in one year 5 per cent.

SECTION 2700 provides that a tax of not more than two dollars per year may be levied upon each lot or premises drained by a private sewer or drain leading into a public sewer or drain.

SECTION 2701 provides that the council may also raise such further sum, not exceeding three mills on the dollar of assessed valuation, as may be necessary to provide an interest and sinking fund to pay funded debt.

Loans, *When allowed and amount indicated.*

SECTION 2,709. Provides that no public work shall be contracted or commenced until a tax shall have been levied to pay cost.

SECTION 2,710. Instead of levying a tax for whole amount authorized by this act in any year for the general and street district funds, the council may raise part by tax and part by loan—the aggregate of both not exceeding amount for which tax might have been levied in the year.

SECTION 2,711. Council also authorized to raise moneys by loan in anticipation of receipts from special assessments.

SECTION 2,712. If any greater amount is required for erecting public buildings, or for purchase of ground for same, or for other public improvements or purposes than can be raised by the council under the foregoing provisions, such amount may be raised by tax or loan or partly by tax and partly by loan *if authorized by a majority vote of the electors voting upon* the question at an annual city election. The amount that may be so raised in any year shall not exceed two per cent of assessed valuation.

SECTION 2,713. The proposition to raise such additional amount must be submitted by an ordinance distinctly stating the purpose of proposed expenditure, the amount proposed, and whether to be raised by tax or loan. Such ordinance shall be passed, published in one newspaper of city, and copies posted in five most public places in each ward of city, at least two weeks before the election—vote shall be by ballot.

SECTION 2,717. No loans made exceeding amounts prescribed in this act. For loans lawfully made bonds of the city may be issued bearing a legal rate of interest. Record to be kept by city clerk. When deemed necessary by council new bonds may be issued in place of former bonds falling due. Each bond shall show upon its face the class of indebtedness to which it belongs and from what fund payable.

The foregoing provisions apply to cities. The law relating to villages with reference to the same subject is so nearly of a like character as not to need reciting.

POPULATION OF STATE.—The population of Michigan has been as follows in the years named:

1900	2,420,982	1860	749,113	1830	31,639

State of Wisconsin.

ITS

DEBT, RESOURCES, ETC.

Organized as a Territory (Act. Apr. 20, 1836) - July 3d, 1836
Admitted as a State (Act. Aug. 6, 1846) - May 29th, 1848
Total area of State (square miles) - - - - - 56,040
State Capital - - - - - - - - - - Madison
Governor (term expires 1st Monday, Jan. 1903), R. M. La Follette
Secretary of State (1st Mon. Jan. 1903), - W. H. Froehlich
Treasurer (1st Monday Jan. 1903) - - - J. O. Davidson

Legislature meets bi-ennially in odd years on the second Wednesday in January, and there is no limit to length of sessions.

HISTORY OF DEBT. For a brief history of the Wisconsin debt see STATE AND CITY SUPPLEMENT of April, 1895.

At present the State has no indebtedness except the trust funds, as follows:

Certificates of indebtedness,	School Fund		$1,563,700
Do	do	Normal School Fund	515,700
Do	do	University Fund	111,000
Do	do	Agricultural College Fund	60,600
Total			$2,251,000

DEBT LIMITATION.—The constitutional provisions of Wisconsin restricting debt-making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, cities &c., as well as the State, are definitely limited by that instrument. We will give the provisions first which relate to the State and after that those which have reference to cities, &c.

(1) *STATE indebtedness is confined within* very close bounds. It seems as if the framers of the Constitution must have taxed to the extreme their ingenuity for forms in which to express their determination to inhibit debt-making. The sections which cover the subject are sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below.

SECTION 3. *Credit of State, for what not given.* The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

SECTION 4. *Contracting debts.* The State shall never contract any public debt, except in the cases and manner herein provided.

SECTION 6. *Limitation on public debt.* For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregate exceed one hundred thousand dollars). Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein; and the vote of a majority of all the members elected to each House, to be taken by yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal within five years from the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed, or diminished until the principal and interest of such debt shall have been wholly paid.

SECTION 7. *State may borrow money, when.* The Legislature may also borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.

SECTION 9. *Evidences of debt.* No scrip, certificate, or other evidence of State debt, whatsoever, shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article.

SECTION 10. *Internal improvements—avails of grants.* The State shall never contract any debt for works of internal improvement, or be a party in carrying on such works, but whenever grants of land or other property shall have been made to the State, especially dedicated by the grant to particular works of internal improvement, the State may carry on such particular works, and shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion.

(2) *CITIES, counties, towns, villages, &c.*, were unrestricted except by legislative enactment until 1874. Since that amendment was adopted *five per cent* on the value of the taxable property has been the extreme amount of debt permissible for any municipality. Not only is that the case, but, as will be seen, the municipality is required before or at the time when it incurs any indebtedness, to make provision for an annual tax sufficient to pay the interest and also sufficient to pay the principal within twenty years from the time of contracting the debt. We give below the amendment referred to in full.

Limitation of Municipal Indebtedness—Adding to Section 3, Article 11, the words:

No county, city, town, village, school district, or other municipal corporation, shall be allowed to become indebted in any manner or for any purpose, to any amount, including existing indebtedness in the aggregate exceeding five per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness. Any county, city, town, village, school district, or other municipal corporation incurring any indebtedness, as aforesaid, shall before or at the time of doing so provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same.

On April 20, 1893, a new law passed by the Legislature of Wisconsin was approved by the Governor which gives general authority for the issuance of bonds to cities operating under special charters granted by the State, and containing a population of three thousand or more inhabitants, as follows. *This authority is of course subject to the foregoing provisions of the Constitution.*

For the erection and construction of a city hall and the purchase of a site for the same.

For the construction and extension of water works or the purchase of the same, and for constructing sewers, and for the improvement and maintenance of the same.

For the erection, construction and completion of school buildings and the purchase of school sites.

For the purchase of sites for engine houses, for fire engines and other equipments of the fire department, and for the construction of engine houses.

For the purchase of sites for police stations and for the construction if buildings thereon for the use of the police department.

For the construction of viaducts, bridges, and for repairs of the same.

For the erection and construction of library and museum buildings and the purchase of sites for the same.

For the establishment of public baths and hospitals and the purchase of sites for the same.

For the purchase of lands for public parks and improvements thereof and for the payment of purchase money and interest thereon which may be or become due for park lands already acquired or contracted for.

For permanently improving streetsn such city, and for creating a fund out of which to advance the cost of repairs to sidewalks in anticipation of the collection of special assessments for such cost of repairs by the Treasurer of such city.

For the construction or purchase of electric or gas light plants for lighting streets and public buildings.

For refunding existing indebtedness.

The law further provides that bonds issued under this act shall bear interest, payable annually or semi-annually, at a rate not exceeding 6 per cent per annum; that the Common Council shall annually levy a tax upon all the taxable property sufficient to pay the annual interest thereon, and to provide a sinking fund each year equal to 5 per cent on the principal of said bonds; that no bonds shall be issued so that the amount thereof, together with all the other indebtedness of the city, shall exceed 5 per cent of the assessed valuation of the city and also that the bonds *shall show on their face the amount of indebtedness* of the city issuing the same, the annual amount of the assessment of the taxable property therein for the five years next preceding the issue, and the average amount thereof, and they shall not be sold for less than their par value and accrued interest.

No system could be devised better adapted for keeping municipal debt at a minimum than the foregoing amendment establishes.

ASSESSED VALUATION.—The total assessed valuation of the State, as determined by the State Board of Assessors, and the tax rate for State purposes, have been as follows for the years named below:

INTEREST on the bonds is payable in New York; on the certificates of indebtedness at the office of the State Treasurer.

TOTAL DEBT.—On January 1, 1901, the total bonded debt of the State was $1,209,000. On Feb. 1, 1901, there were $399,000 State bonds held in various Minnesota State funds.

TAXABLE VALUATION.—The taxable valuation, total tax levied and the rate of State tax have been as follows for the years named.

	Taxable Valuation. Real.	Personal.	Total.	*Total Taxes Levied.	State Tax p. $1,000.
1900	$490,537,617	$120,441,641	$610,979,258	.....	.....

1861	33,350,057	5,914,683	39,264,740	658,358	4·00

*The total taxes levied in the above table includes the amounts raised not only for State purposes, but also all taxes raised by the various minor divisions of the State. The tax rate, however, is for State purposes, and besides the tax of $1·80, as given above, for 1899 there was a tax of $1 23 for school and university purposes.

DEBT LIMITATION.—Minnesota has protected the State from extravagant expenditures through restrictions which its Constitution puts on every kind of debt making. That instrument fixes the limit at $250,000 "for the purpose of defraying extraordinary expenditures;" and an amendment, ratified in 1879, extended this power to $250,000 additional "for erecting and completing buildings for the insane, a deaf, umb and blind asylum, and State prison." Besides the foregoing, it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the Constitution which relates to that subject, and that has reference to making railroad debt.

FIRST, as to State indebtedness, the sections which treat of the subject are in article 9, sections 5, 6, 7, 8 and 14.

SECTION 5. *(Public debt may be contracted.)* For the purpose of defraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each branch of the Legislature, to be recorded by the yeas and nays on the journals of each House, respectively; and every such law shall levy a tax, annually, sufficient to pay the annual interest of such debt, and also a tax sufficient to pay the principal of such debt within ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation and taxes shall not be repealed, postponed, or diminished, until the principal and interest of such debt shall have been wholly paid. The State shall never contract any debts for works of internal improvement, or be a party in carrying on such works, except in cases where grants of land or other property shall have been made to the State, especially dedicated by the grant to specific purposes; and in such cases the State shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion.

SECTION 6.—*(Public debt how contracted.)* All debts authorized by the preceding section shall be contracted by loan on State bonds of amounts not less than five hundred dollars each, on interest, payable within ten years after the final passage of the law authorizing such debt; and such bonds shall not be sold by the State under par. A correct registry of all such bonds shall be kept by the Treasurer in numerical order, so as always to exhibit the number and amount unpaid and to whom severally made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article.

SECTION 8.—*(Appropriation of money received from loan or State bonds.)* The money arising from any loan made, or debt or liability contracted, shall be applied to the object specified in the act authorizing such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

SECTION 14.—*(State debt for public buildings).* For the purpose of erecting and completing buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may by law increase the public debt of the State to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt already heretofore authorized by the Constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State and appropriate the money only for the purpose aforesaid; which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State.

SECOND, as to city, county or other municipality the only restriction on the debt-making power in the Constitution is the following, found in article 9, section 15.

SECTION 14.—*(Municipal debts in aid of railroads.)* The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds or to become indebted in any manner to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made for the purpose of State and county taxation previous to the incurring of such indebtedness.

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to *ten per cent* of valuation. Hence the amendment consisted in simply changing the word *ten* and making it *five*.

This is all the Constitution contains with reference to the debts of municipalities. The Legislature, however, has made some general provisions governing bond issues, which will be found in the STATE AND CITY SUPPLEMENT for October, 1899, and in previous numbers of that publication.

POPULATION OF STATE.—The population of Minnesota has been as follows in the years named:

* Includes $104,573 of special assessment certificates.
†Not including water debt, which amounted Jan. 1, 1901, to $2,356,000.

The city had a sinking fund on Jan. 1, 1901, of $53,089.

The $138,250 of 6 per cent refunding bonds are not strictly a liability of the city, as they were issued by the village of Duluth under a special Act of the Legislature which provides that the County Commissioners of St. Louis County shall levy a special tax to pay the interest on them and provide a sinking fund to meet them at maturity.

SINKING FUND.—It is provided by the city's charter that in addition to raising a tax sufficient to pay the interest on all its bonds the city shall levy a tax of one mill on each dollar of the assessed valuation to provide for the principal of the bonds when due. The maintenance of this sinking fund for the payment of the principal of the bonds is "declared to be part of the contract with the holder of any bonds of the city that may hereafter be issued and shall be kept inviolate." In accordance with this provision there was raised by taxation for the sinking fund in 1900 $123,111. The sinking fund is invested in city of Minneapolis 4 and 4½ per cent bonds.

BOND LIMIT.—The city of Minneapolis is restricted in all legislative acts authorizing the issue and sale of bonds, and is required to keep within the following limit: From the total issue of all city bonds shall be deducted the total amount of funds and securities in the sinking fund, and this balance shall not exceed 5 per cent of the aggregate value of the taxable property of the city as assessed and determined for the purpose of taxation.

WATER RECEIPTS.—The receipts from water in 1900 were $237,779; current expenses for water works, $200,446.

VALUATION AND INDEBTEDNESS.—The city's assessed valuation (property being assessed about ½ of its actual value) tax rate and bonded debt have been as follows on December 31 of the years given:

Years.	Tax Valuation.	Tax Rate, per $1,000.	Total Bonded Debt.
1900	$99,492,054	$27·40	$8,500,000
1899	106,729,265	26 15	8,415,000

TAX RATE.—The State tax (per $1,000) for 1900 was $2·80; this includes general State tax, $2·60, and special tax, 20 cents, for educational purposes.

DEBT LIMITATION.—Iowa's Constitution restricts the creating of debt, both State debt and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below.

ARTICLE 7, Section 1. [*Limitation of State indebtedness.*] The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association, or corporation; and the State shall never assume, or become responsible for, the debts or liabilities of any individual, association or corporation, unless incurred in time of war for the benefit of the State.

SECTION 2. [*Same.*] The State may contract debts to supply casual deficits or failures in revenues, or to meet expenses otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more acts of the General Assembly or at different periods of time, shall never exceed the sum of two hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

SECTION 4. [*For what other purposes State may contract debt.*] In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the debts so contracted shall be applied for the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 5. [*Other debts to be authorized.*]—Except the debts hereinbefore specified in this article, no debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by some law for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within twenty years from the time of contracting thereof; but no such law shall take effect until at a general election it shall have been submitted to the people, and have received a majority of all the votes cast for and against it at such election; and all money raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt created thereby; and such law shall be published in at least one newspaper in each county, if one is published therein, throughout the State, for three months preceding the election at which it is submitted to the people.

ARTICLE VIII, Section 3. [*State not to be a stockholder.*]—The State shall not become a stockholder in any corporation, nor shall it assume or pay the debt or liability of any corporation, unless incurred in time of war for the benefit of the State.

There can be but little fear that a State or city will ever create debt in any larger amount than it can easily pay where the law, as in the above case, requires a tax to be levied at the time of its creation sufficient to pay the interest annually and the principal when due.

SECOND, as to municipal indebtedness, the limit is fixed absolutely in the Constitution. The provisions covering the subject are as follows:

ARTICLE VIII, Section 4. [*Corporation not to be a stockholder.*] No political or municipal corporation shall become a stockholder in any banking corporation, directly or indirectly.

ARTICLE XI, Section 3. [*To what amount county may become indebted.*] No county or other political or municipal corporation shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding five per centum on the value of the taxable property within such county or corporation—to be ascertained by the last State and county tax list previous to the incurring of such indebtedness. [The Legislature, however, has fixed a lower limit, as stated below.]

The above (section 3 of article XI) covers cities, counties, towns and every other kind of political or municipal corporation. The Supreme Court of Iowa has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (approved April 6, 1900,) fixing the limit of indebtedness of counties or other political or municipal corporations at only 1¼ per cent of the actual value of property in cities or towns as returned by the last tax list. This change was made because, under a revision of the Revenue Law which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. We present this bill in full.

SECTION 1.—That Section thirteen hundred and six (1306) of the Code be and is hereby repealed, and the following enacted in lieu thereof.

SEC. 2.—"No county or other political or municipal corporation, including cities acting under special charters, shall be allowed to become indebted, in any manner or for any purpose, to an amount in the aggregate exceeding one and one-fourth per centum on the actual value of the property within such county or corporation, to be ascertained by the last State and county tax list previous to the incurring of such indebtedness."

SEC. 3.—This Act being deemed of immediate importance shall be in force from and after its publication in the Des Moines "Register" and the Des Moines "Leader," newspapers published in Des Moines, Iowa.

POPULATION OF STATE.—The population of Iowa has been as follows in the years named:

TOTAL DEBT, ETC.—

	April 1, 1900.	*March* 1, 1899.	*March* 1, 1898.
Total bonded debt under 5 p. c. limit.	$261,400	$61,400	$101,400
Special bonds	177,500	223,000	223,000
Special assessment bonds	21,900	44,900	74,100
Bonded debt	$460,800	$329,300	$398,500

The special assessment bonds are secured by property certificates issued and held in trust for bondholders. A tax levy of $5·00 (per $1,000) is made each year for water purposes.

The sinking funds accumulated on the straight city bonds on April 1, 1900, amounted to $15,930, and on the intersection improvement bonds to $2,466.

ASSESSED VALUATION.—The city's assessed valuation has been as given below in the years named. The noticeable decrease in 1899 is due to a change in the law. Property was formerly assessed at from 30 to 40 per cent of its value, but under a new law all real estate is appraised at its supposed full cash value, of which, however, only 25 per cent constitutes the listed or assessed value.

Legislature meets biennially in odd years on the first Wednesday after the first Monday of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed $5·00 per day for 120 days. A session of this kind was held in 1899.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the STATE AND CITY SUPPLEMENT for April, 1893. The details of the debt on Jan 1, 1899, were as follows:

LOANS—	When Due.

Total debt	$6,280,839	$7,240,839	$8,035,839

Under a provision of the State Constitution at least $250,000 of State indebtedness must be retired annually. The total debt, including accrued interest, &c., on Jan. 1, 1865, was $36,094,908. The entire amount of school and seminary certificates is held by the State Schoo and State Seminary funds.

ASSESSED VALUATION.—The State's assessed valuation (about one-fourth actual value) and tax rate have been as follows. This valuation does not include valuation of railroads, bridges and telegraphs, which amounted in 1900 to $103,361,000, or of machinery, tools, merchandise, etc., as taxed on "merchants' and manufacturers' tax books," which amounted in 1900 to $63,144,571.

DEBT LIMITATION.—Missouri has made provision in its Constitution restricting the creation of debt both on behalf of the State and of its municipalities.

FIRST, with respect to the State, the regulations are full and specific. They are found in article 4, sections 44, 45 and 46, which we subjoin.

ARTICLE 4, Section 44. *(General Assembly not to contract debts except as herein.)* The General Assembly shall have no power to contract or to authorize the contracting of any debt or liability on behalf of the State, or to issue bonds or other evidences of indebtedness thereof, except in the following cases:

First, In renewal of existing bonds, when they cannot be paid at maturity out of the sinking fund or other resources.

Second, on the occurring of an unforeseen emergency, or casual deficiency of the revenue, when the temporary liability incurred, upon the recommendation of the Governor first had, shall not exceed the sum of two hundred and fifty thousand dollars for any one year, to be paid in not more than two years from and after its creation.

Third, on the occurring of any unforeseen emergency, or casual deficiency of the revenue, when the temporary liability incurred or to be incurred shall exceed the sum of two hundred and fifty thousand dollars

for any one year, the General Assembly may submit an act providing for the loan, or for the contracting of the liability, and containing a provision for levying a tax sufficient to pay the interest and principal when they become due (the latter in not more than thirteen years from the date of its creation), to the qualified voters of the State, and when the act so submitted shall have been ratified by a two-thirds majority, at an election held for that purpose, due publication having been made of the provisions of the act for at least three months before such election, the act thus ratified shall be irrepealable until the debt thereby incurred shall be paid, principal and interest.

SECTION 45. *(State's credit not to be loaned.)* The General Assembly shall have no power to give or to lend, or to authorize the giving or lending of the credit of the State in aid of or to any person, association or corporation, whether municipal or other, or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporation whatsoever.

SECTION 46. *(Public money, grant of prohibited.)* The General Assembly shall have no power to make any grant, or to authorize the making of any grant of public money or thing of value to any individual, association of individuals, municipal or other corporation whatsoever. *Provided*, That this shall not be so construed as to prevent the grant of aid in a case of public calamity.

The foregoing sections cover all phases of State indebtedness and so restrict action as to put the State beyond the chance of future debt embarrassment.

SECOND, with regard to cities and other municipalities, the provisions are in like manner full and wisely constructed. There are three—section 47 in article 4, section 6 in article 9 and section 12 in article 10. We give them complete below.

ARTICLE 4, Section 47. *(Municipalities, loaning credit of.)* The General Assembly shall have no power to authorize any county, city, town or township, or other political corporation or sub-division of the State now existing, or that may be hereafter established, to lend its credit, or to grant public money or thing of value in aid of or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company.

ARTICLE 9, Section 6. *(Municipalities not to subscribe to capital stock of corporations.)* No county, township, city or other municipality shall hereafter become a subscriber to the capital stock of any railroad or other corporation or association, or make appropriation or donation, or loan its credit to or in aid of any such corporation or association, or to or in aid of any college or institution of learning or other institution, whether created for or to be controlled by the State or others. All authority heretofore conferred for any of the purposes aforesaid by the General Assembly, or by the charter of any corporation, is hereby repealed: *Provided, however*, That nothing in this Constitution contained shall affect the right of any such municipality to make such subscription where the same has been authorized under existing laws by a vote of the people of such municipality prior to its adoption, or to prevent the issue of renewal bonds, or the use of such other means as are or may be prescribed by law for the liquidation or payment of such subscription, or of any existing indebtedness.

ARTICLE 10, Section 12. *(Municipal indebtedness, limit of.)* No county, city, town, township, school district or other political corporation or sub-division of the State shall be allowed to become indebted in any manner or for any purpose to an amount exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the voters thereof voting at an election to be held for that purpose; nor in cases requiring such assent shall any indebtedness be allowed to be incurred to an amount, including existing indebtedness, in the aggregate exceeding five per centum on the value of the taxable property therein, to be ascertained by the assessment next before the last assessment for State and county purposes, previous to the incurring of such indebtedness: *Provided*, That with such assent any county may be allowed to become indebted to a larger amount for the erection of a court-house or jail. *And provided further*, That any county, city, town, township, school district, or other political corporation or subdivision of the State, incurring any indebtedness, requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for payment of the principal thereof, within twenty years from the time of contracting the same.

It is scarcely necessary to add anything to the foregoing. The sections given make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5 per cent of valuation, *except* that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or jail, and finally (4) that before or at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest and form a sinking fund to pay the debt within 20 years. These provisions are certainly very conservative.

POPULATION OF STATE.—The population of Missouri has been as follows in the years named.

1900	3,106,665	1860	1,182,012	1830	140,455
1890	2,679,184	1850	682,044	1820	66,557
1880	2,168,380	1840	383,702	1810	20,845
1870	1,721,295				

The proportion of the colored population was 6·70 per cent in 1880 and 5·75 per cent in 1890. In number blacks were 90,040 in 1850; 118,503 in 1860; 118,071 in 1870; 145,350 in 1880, and 154,131 in 1890.

Net debt	$3,258,000	$3,314,000	$3,415,000	$3,540,000

The figures of total debt include the water debt, amounting in 1901 to $3,062,000

The city has no floating debt and the surplus income received by it from the water works, after paying all operating expenses and the annual interest on the entire city debt, is now about $152,000.

A sinking fund is provided by the laws of Missouri calculated to extinguish the total debt of the city in about 20 years without reducing the amount appropriated for current expenses and improvements and without increasing taxation.

GOLD BONDS.—All the city's bonds are payable, principal and interest, in gold, except the $245,000 6s issued for purchase of Block 121.

INTEREST on all bonds is payable in New York City—on the Purchase of Block 121 6s, at the National Bank of the Republic; on the Park bonds at the National Bank of Commerce. Interest on the bonds payable in £ sterling, on those maturing in 1912, 1914 and 1915 and on the 3 1/2s of 1909 and 1918, is payable at the National Bank of Commerce, New York, or at the National Bank of Scotland (Limited), London, at the rate of $4·8665 per pound sterling. Interest on all other bonds is payable at the National Bank of Commerce, N. Y., or at the office of J. S. Morgan & Co., London, at the option of the holder.

TOTAL DEBT, SINKING FUNDS, Etc.—The subjoined statement shows St. Louis's total municipal debt and the water debt, &c.

	April 8, 1901.	Apr. 9, 1900.	April 10,1899.
Total bonded debt	$18,916,278	$18,916,278	$19,392,278
Water, debt included	5,808,000	5,808,000	5,808,000

NOTE.—Under the charter the Municipal Assembly must appropriate $1,200,000 annually with which to pay debt and the interest thereon. That portion of each annual appropriation not required for the payment of the interest constitutes the sinking fund for redemption of the debt existing April 7, 1890, and bonds issued in renewal thereof. On the basis of renewing the city's bonded debt at 4 per cent, the debt for which this sinking fund was established will be extinguished in 1927. The sinking fund on April 8, 1901, was $232,194 13.

CITY PROPERTY.—The city owns its water works, the revenue from which for water rates, permits, etc., for the fiscal year 1899-1900 was $1,475,000 and net operating expenses and cost of collecting water rates were $695,809. In addition to the water works the city owns its hospitals, insane asylums and poor house, city hall, court house, jail, house of correction and work house, engine houses, markets, police stations, parks, etc.

ASSESSED VALUATION.—The city's assessed valuation (about 3-5 cash value) and tax rate have been as follows:

1897	120,175,431	1892	127,389,992
1896	119,391,156		

TAX RATE.—In 1900 the tax rate (per $1,000) was $2·40.

DEBT LIMITATION.—South Dakota has incorporated into its Constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XIII., and are as follows.

SECTION 1. Neither the State nor any county, township or municipality shall loan or give its credit or make donation to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation; provided, that the State may assume or pay such debt or liability when incurred in time of war for the defense of the State. Nor shall the State engage in any work of internal improvement.

SEC. 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate $100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection, or defending the State or the United States in war, and provision shall be made by law for the payment of the interest annually, and the principal when due, by tax levied for the purpose, or from other sources of revenue; which law providing for the payment of such interest and principal by such tax tax or otherwise shall be irrepealable until such debt is paid; provided, however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SEC. 3. That the indebtedness of the State of South Dakota, limited by section 2 of this article, shall be in addition to the debt of the Territory of Dakota, assumed by and agreed to be paid by South Dakota.

SEC. 4. The debt of any county, city, town, school district, or other subdivision, shall never exceed *five per centum* upon the assessed value of the taxable property therein. In estimating the amount of indebtedness which a municipality or subdivision may incur, the amount of indebtedness contracted prior to the adoption of this Constitution shall be included.

SEC. 5. Any city, county, town, school district or any other subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include Indians and whites on Indian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons.

Legislature meets biennially in odd years on the 1st Tuesday of January, and sessions "shall *not be less* than sixty days," but are not otherwise limited. Members of the Legislature "shall not receive pay for more than 60 days at any one sitting, nor more than 100 days during their term."

HISTORY OF DEBT.—For history of the State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 122.

This State has no *bonded* indebtedness at present. The bonded debt, which on Dec. 1, 1892, amounted to $549,267, was gradually reduced until June 3, 1900, when the last remaining $35,000 was paid off. On Dec. 1, 1900, the general fund warrants outstanding amounted to $1,727,509. The cash in the treasury on the same date was $615,018.

PERMANENT SCHOOL FUND.—The school fund held Dec. 1, 1900: United States bonds, $15,000; sundry State of Nebraska county and school district bonds, $3,147,792; general fund warrants, $1,166,012; temporary University warrants, $36,740; total of all, $4,365,544.

ASSESSED VALUATION.—The total assessed valuation (about 25 per cent of true value) and tax rate per $1,000 have been:

Years.	Total Assessed Valuation.	Tax rate per $1,000	Years.	Total Assessed Valuation.	Tax rate per $1,000
1900	$171,747,592	$7·25	1889	$182,763,538	$6 50

1894	183,717,498	6·84	1882	98,537,475	....
1893	194,733,124	6·49	1881	93,142,456	....
1892	186,432,376	7·00	1880	90,499,618	....
1890	184,770,304	6·24	1870	75,467,398	....

DEBT LIMITATION.—Nebraska has carefully provided in its Constitution against creating State indebtedness, but has left city and other municipal indebtedness chiefly in the care of the Legislature.

STATE indebtedness is restricted to $100,000 to meet casual deficits in revenues, except in case of invasions, &c., while the loaning by the State of its credit is prohibited. The sections of the Constitution which have reference to these matters will be found in the STATE AND CITY SUPPLEMENT of April, 1895, pages 124 and 125.

POPULATION OF STATE.—The population of Nebraska has been as follows in the years named:

1900	1,068,539	1870	122,993
1890	1,058,910	1860	28,841
1880	452,402

NEBRASKA CITY.—{JOHN MATTES JR., Mayor. I. N. PHIFER, Treasurer.

County seat of Otoe County. Some years ago the precinct of Nebraska City was formed, and included the city of that name and adjoining lands. Bonds to the amount of $40,000 were issued and interest paid for some years. The County Commissioners then declared the precinct illegally organized and refused to levy tax. Litigation resulted and the Courts have ordered a tax sufficient to pay debt to be levied on territory covered by the precinct in 1886, the year bonds were sold. See V. 72, p. 302, concerning Otoe County,

INCIDENTS IN STATE ORGANIZATION, ETC.—See STATE AND CITY SUPPLEMENT of April, 1893, page 124, for the facts and statements heretofore given under this head.

HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of $150,000. The Constitution of 1859 limited the debt-making power to one million dollars (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was $630,775, of which the State owned $28,650. In 1878 the total bonded debt was $1,181,975, of which the State owned $713,600. The bonded debt March 10, 1901, was $667,000, all held by State funds. At present the debt is:

DEBT LIMITATION.—Kansas has by its Constitution given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed $1,000,000. This limit, however, has two exceptions. *First*, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors, and if the proposed law be ratified by a majority of the votes cast. *Second*, the section following provides that the State may borrow money to repel invasion, &c. We give these sections in full and also the subsequent one which forbids the State being a party to internal improvements.

Debts, annual tax; proceeds. For the purpose of defraying extraordinary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed one million dollars, except as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt and the principal thereof when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the interest and principal of such debt shall have been wholly paid.

Other debts. No debt shall be contracted by the State except as herein provided, unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election; and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the preceding section of this article.

Borrow money. The State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages.

Cities. Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, shall be so restricted as to prevent the abuse of such power.

Under the foregoing the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. The reader will, however, find the ground very fully covered in a series of articles which were published in the CHRONICLE, Vol. 53, pages 854 and 942, and Vol. 54, pages 42 and 128.

POPULATION OF STATE.—The population of Kansas has been as follows in the years named.

1900	1,470,495	1870	364,399
1890	1,427,096	1860	107,206
1880	996,096		

The proportion of the colored population was 4·33 per cent in 1880 and 3·59 per cent in 1890. In number blacks were 627 in 1860; 17,108 in 1870; 43,107 in 1880, and 51,251 in 1890.

Admitted as a State (Act of Feb. 22, 1889) - - Nov. 8, 1889
Total area of State (square miles) - - - - 146,080
State Capital - - - - - - - - - - Helena
Governor (term expires 1st Mon. Jan. 1905) - Jos. K. Toole
Secretary of State (term exp. 1st Mon. Jan. 1905) Geo. M. Hays
Treasurer (term expires 1st Monday Jan. 1905) - A. H. Barret
Auditor (term exp. 1st Mon. Jan., 1905) - J. H. Calderhead

Legislature meets biennially in odd years on the first Monday in January, and sessions are limited to 60 days.

SITUATION AS TO DEBT, Etc.—For facts with reference to the history of Montana's State debt see STATE AND CITY SUPPLEMENT for April 1893, page 130. The loans described below are not strictly State debts, the bonds being issued on land grants; the State has no bonded indebtedness, and is not liable for these loans. The registered warrants outstanding on Dec. 1, 1900, amounted to $243,970, and on the same date the State institutions had a warrant indebtedness of $105,432. The State is not liable for the latter. The permanent school fund on Dec. 1, 1900, held cash and securities amounting to $340,495.

ASSESSED VALUATION.—In 1900 the assessed valuation of real estate was $75,039,256; personal property, $63,373,706; railroads, $15,000,100; total, $153,413,062; in 1899 the State tax (per $1,000) was $2·50. Property is supposed to be assessed at full cash value.

DEBT LIMITATION.—The Constitution of Montana was adopted by popular vote October 1, 1889. Article XIII. contains the Sections which regulate the debt-making powers of State, county and city, and we gave those sections in full on page 135 of the STATE AND CITY SUPPLEMENT of April, 1895. It may be mentioned that the restrictions and limitations are distinctly and fully stated.

POPULATION OF STATE.—The population of Montana has been as follows in the year named:

1900....243,329 | 1890.....132,159 | 1880....39,159 | 1870.....20,595

The population in 1900 included Indians and whites on Indian reservations not previously counted in the enumeration. In 1890 there were 10,765, and in 1880 31,650 such persons, which number should be added to the total for those years in making accurate comparisons

DEBT LIMITATION.—In Wyoming the provisions of the Constitution with respect to debt contraction and limitation are quite voluminous. They are all found in Article 16 of that instrument, and indicate that the State is determined to preserve with care the conservative reputation which it enjoyed as a Territory. Citations from the laws of the State respecting debt limitation will be found on page 137 of the STATE AND CITY SUPPLEMENT of April, 1895.

POPULATION OF STATE.—Wyoming's population has been as follows in the years indicated:

1900.....92,531 | 1890.....60,705 | 1880.....20,789 | 1870.....9,118

In 1870-80 increase was 11,671, or 128·00 per cent, and in 1880-90 39,916, or 192·01 per cent; in 1890-00 it was 31,826, or 52·4 per cent.

State of Idaho.

ITS DEBT, RESOURCES, ETC.

Organized as a Territory (Act March 3, 1863)	March 3, 1863
Admitted as a State (Act July 3, 1890)	July 3, 1890
Total Area of State (square miles)	84,800
State Capital	Boise
Governor (term ends 1st Monday Jan. '03)	Frank W. Hunt
Secretary of State (term ends 1st Mon. Jan. 1903)	C. S. Bassett
Treasurer (term expires 1st Mon. Jan. 1903)	John J. Plumer
Auditor (term expires 1st Mon. Jan. 1903)	Egbert W. Jones

Legislature meets biennially in odd years on the 1st Monday of January following election, and the length of sessions is limited to 60 days.

DEBT HISTORY.—Idaho as a Territory always kept its debt within moderate limits. When it became a State the bonded debt of the Territory was $146,715 06. Of that amount $46,715 06 was issued to pay floating debt, $80,000 to pay for Capitol building and $20,000 for an asylum. The condition of the State's debt now is set out with all the details below.

do	1894	5	J & J	June, 1904-'14	50,000

* Called July 1, 1900, but not yet presented for payment.

INTEREST on the asylum improvement and normal school bonds is payable at the Chase National Bank, New York; on the 6 per cent wagon-road bonds by Wells, Fargo & Co., New York; on the refunding bonds at the office of the State Treasurer.

TOTAL DEBT, ETC.—The total bonded debt on Jan. 1, 1901, was $443,500. The State holds $73,000 of the above bonds. The warrants outstanping on the same date amounted to $95,499.

ASSESSED VALUATION.—In 1899 the total assessed valuation was $46,548,313; in 1898 was $30,423,671; in 1893, $33,431,841, property being assessed at about ⅓ of its estimated true value. The tax rate per $1,000 in 1899 was $15·00; in 1893 it was $8·50. The equalized valuation for 1900 was $47,545,905.

DEBT LIMITATION.—Idaho has placed limits in its Constitution upon the debt-making power both of the State and its municipalities. Though the provisions have a conservative tendency, they are not quite as strict as the Constitutional limitations of most of the other new States. For a digest of the laws respecting debt limitation in Idaho, see STATE AND CITY SUPPLEMENT of April, 1895, pages 138 and 139.

POPULATION OF STATE.—The population of Idaho has been as follows in the years named:

1900.....161,772	1880.....32,610	1870.....14,999
1890.....84,385		

In 1870-80 increase was 17,611, or 117·41 per cent, and in 1880-90 51,775, or 158·77 per cent. In 1890-1900 the increase was 77,387, or 91·7 per cent, a part of which is due to the fact that the 1900 aggregate embraces Indians and whites on Indian reservations not heretofore included. Such persons numbered 4,163 in 1890 and 3,420 in 1880, which amounts should be added to the totals for those years in making comparisons.

In addition to the tax rate as above there is a poll tax of $1·00 per capita. Prior to 1880 this poll tax was 50 cents per capita.

DEBT LIMITATION.—Colorado's Constitutional provisions with reference to the creation of debt are of considerable length, and strike one at first as quite elaborate. After a brief study of the provisions their good qualities stand out so plainly as wholly to disarm criticism. No State has placed the debt-making power on a more reasonable basis. All the regulations with reference to public indebtedness are found in article 11 of the Constitution. See State and City Supplement of April, 1895, pages 140 and 141.

POPULATION OF STATE.—The population of Colorado has been as follows in the year named; in 1897 it was estimated at 500,000:

1900.....539,700	1880.....194,327	1860.....34,277
1890.....412,198	1870.....39,864

*This loan non-taxable.

PAR VALUE.—Bonds are in pieces of $1,000 each.

INTEREST on the bonds of 1892 is payable in Salt Lake City, or at the office of Wells, Fargo & Co., New York; on the bonds of 1896, 1898 and 1900 at the U. S. Mortgage & Trust Co., New York City, or the State Bank of Utah, Salt Lake City.

DEBT LIMITATION.—The indebtedness of this State is limited by its Constitution. The following is Article XIV. of that instrument, entitled "Public Debt":

"To meet casual deficits or failures in revenue, and for necessary expenditures for public purposes, including the erection of public buildings, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding in the aggregate at any one time the sum of $200,000 over and above the amount of the Territorial indebtedness assumed by the State. But when the said Territorial indebtedness shall have been paid, the State shall never contract any indebtedness, except as in the next section provided, in excess of the sum of two hundred thousand dollars, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they are obtained."

The "next section" mentioned above refers to debt contracted "to repel invasion, suppress insurrection, or to defend the State in war."

Title 40, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

Under Senate Bill No. 15, passed by the State Legislature in 1901, school districts are permitted to incur indebtedness up to 4 per cent of the assessed valuation of property. Previously the limit was 2 per cent of the valuation.

BONDED DEBT on Jan. 1, 1901, was $900,000.

TAX VALUATION.—In 1900 the total assessed valuation was $104,970,253; in 1897 it was $102,437,183; in 1896 it was $107,508,076. The State tax rate (per $1,000) in 1900 was $5·00.

Valuation in 1900 includes real estate $942,353,309; personal property $238,227,393 and railroad property $47,711,755.

DEBT LIMITATION.—Municipal indebtedness as well as State debt is carefully regulated in the Constitution of California. The section which relates to the bonding of counties, cities, towns, etc., has been amended, the amendment having been adopted February 25, 1891. Nothing in explanation of the provisions needs to be said, as the sections of the Constitution treating of this subject are all very plain and comprehensive; they will be found in the STATE AND CITY SUPPLEMENT of April, 1895, page 146.

POPULATION OF STATE.—The population of California has been as follows in the years named.

1900	1,485,053	1880.....	864,694	1860.....	379,994
1890	1,208,130	1870.....	560,247	1850.....	92,597

In 1860-70 increase was 180,253, or 47·44 per cent; in 1870-80 304,447, or 54·34 per cent; in 1880-90 343,436, or 39·72 per cent; and in 1890-1900, 276,923 or 22·9 per cent. The number of Chinese in the population was 71,681 in 1890 and 75,132 in 1880.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CALIFORNIA.

NOTE.—*For debts of civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.*

Many of the counties in this State levy a special tax on property outside incorporated cities and towns for making, repairing and sprinkling of roads, and the tax rate as given below under these counties is made up of the State tax rate and the county tax rate *including* special road tax.

SACRAMENTO.—A. L. FROST, Treasurer.

This city is the county seat of Sacramento County and the capital of the State. The original debt was a little less than $1,600,000, being four series of 6 per cent bonds, issued in 1858, and falling due in 1888, 1893, 1898 and 1903 The flood of 1861-1862 destroyed half of the property values, and the coupons had been delinquent for a dozen years. In 1872 a Funded Debt Commission (abolished by Legislative Act of 1899) was created and received from the city a gift, or capital, of $212,080 80. With this it bought bonds and coupons, and collected from the city as other creditors did and re-invested in more bonds and coupons. In 1899 the Commission was ordered by decree of Court to cancel $1,411,167 60 of the bonds and coupons at par.

SANTA CRUZ.—{DR. J. P. PARKER, Mayor. J. L. WRIGHT, Clerk.

This city is in Santa Cruz County. The city has been in litigation over its 5 per cent refunding bonds (issued April 16, 1894), which it refused to pay, they having been purloined, but on Sept. 28, 1898, the United States Circuit Court held the entire issue of $360,000 bonds invalid as between the city of Santa Cruz and purchasers of the bonds *having notice of the facts constituting their invalidity*, but also held that the city was estopped by recitals contained in the bonds, from denying their validity in the case of innocent purchasers for value. Upon this ground the court rendered judgment against the city for the amount of principal and interest due upon such bonds as were purchased upon the *faith of recitals* contained therein and without notice or knowledge of their invalidity. The municipality received no consideration whatever for these bonds. The United States Circuit Court of Appeals, however, on Dec. 5, 1899, declared that the entire issue was void, on the ground that there was a flaw in the bonds themselves which the purchasers should have investigated before buying. V. 69, p. 1260. The city is in litigation also over $225,000 5 per cent water bonds issued Jan. 16, 1889, but in this case having received value for the bonds has been disposed to pay maturing principal and interest, notwithstanding their supposed invalidity. This payment, however, is resisted by certain tax payers.

DEBT, RESOURCES, Etc.

Organized as a Territory (Act Aug. 14, 1848) - Aug. 14, 1848
Admitted as a State (Act Feb. 14, 1859) - Feb. 14, 1859
Total area of State (square miles) - - - - 96,030
State Capital - - - - - - - - - Salem
Governor (term ex. 2d* Monday Jan. 1903), - T. T. Geer
Secretary of State (term ex. 2d Mon. Jan. 1903), F. I. Dunbar
Treasurer (term ex. 2d Mon. Jan. 1903) - C. S. Moore

* The Legislature does not always canvass the vote for Governor immediately upon its meeting, and the Governor's term runs until his successor is declared elected.

Legislature meets biennially in odd years on the second Monday in January, and there is no limit to length of sessions; but members of the Legislature can draw pay only for 40 days' services in the aggregate.

HISTORY OF DEBT.—For history of Oregon's State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 147.

To-day Oregon practically has no debt. There are some little left-over lots that go by that name, in the aggregate amounting to $1,238·58, which the State is ready and would be very glad to pay, but cannot get them in. Interest on these ceased prior to December 31, 1896.

On January 1, 1901, $36,270 of general fund and $99,948 of Scalp County fund warrants were outstanding, in addition to which there are $36,919 of swamp land warrants, payable out of the proceeds of sales of swamp lands, redeemable on call of the Treasurer. On Jan. 1, 1901, the amounts held in the irreducible trust funds were as follows: School fund, $3,637,951; Agricultural College fund, $157,302, and University fund, $103,046.

VALUATION.—The gross valuation according to the returns of the county boards of equalization for 1900 was $125,738,761; exemptions, $7,933,887; net taxable valuation, $117,804,874. State tax rate (per $1,000) for 1901 is $5·70.

DEBT LIMITATION.—Oregon framed and adopted its Constitution in 1857. It is quite a notable fact that the people of the State are to-day living under that instrument in the precise form in which it was originally adopted, for there never has been an amendment made to it. The provisions with respect to debt limitation will be found on pages 150 and 151 of the STATE AND CITY SUPPLEMENT of April, 1895.

POPULATION OF STATE.—The population of Oregon has been as follows in the years named:

1900	413,536	1880	174,768	1860	52,465
1890	313,767	1870	90.923	1850	13,294

STATE DEBT.—The Washington State debt is described in detail below. The North American Trust Co. is now (1900) the New York fiscal agent for the State of Washington.

LOANS NAME AND PURPOSE.	Interest.—P.Ct. Payable.	Principal.—When Due.	Outstand'g.
Funding, April 1, 1890, gold.	3½g. Apr. 1	Apr. 1, 1905	$155,000
School fund bonds, 1899.....	3½	1919	760,000

All bonds subject to call at any time.

INTEREST is payable at the office of the State Treasurer in Olympia,

TOTAL DEBT.—The total bonded debt on Jan. 15, 1901, was $155,000 (not including the $760,000 bonds issued for investment of the Permament School Fund), and the floating debt on Jan.15, 1901, was $605,926. Cash in the general fund on the same date was $108,842.

ASSESSED VALUATION.—The assessed valuation, equalized by State board, for 1900 of real estate was $177,822,995; personal property, $38,721,872; railroads, $21,038,256; total, $237,583,123. The following statement shows the total assessed valuation of the State for the years indicated. The tax rate (per $1,000) for 1900 was $6·00 including $3·80 for school purposes.

Years.	Assessment.	Years.	Assessment
1900	$237,583,123	1892	$319,016,341
1899	229,137,539	1891	273,642,099
1898	226,996,294	1890	217,595,739
1897	226,130,784	1885	50,484,437
1896	204,677,668	1880	23,708,587
1895	204,190,377	1875	14,569,156
1894	212,430,511	1870	10,642,863
1893	284,078,122	1860	4,394,735

DEBT LIMITATION.—Like so many of the younger States, Washington has taken a conservative position with respect to State and municipal indebtedness. The provisions of the Constitution with reference to creating debt are so comprehensive and plain that it is necessary to do no more than copy the sections relating to the subject.

FIRST, with reference to the State, there are three sections; the first limits the debt, the second names exceptions to the limit and the third provides the method in which additional debt may be created. These sections are all found in article 8, and were given in the STATE AND CITY SUPPLEMENT of April, 1895; page 152.

SECOND, Counties, Cities, Towns &c. are more rigorously guarded. The whole system as to municipalities is found in section 6 of article 8, though section 7 is also important, as it forbids counties, cities &c. giving money or loaning credit to any corporation &c. Sections 6 and 7 will be found on page 152 of the April, 1895, SUPPLEMENT.

POPULATION OF STATE.—The full record of population of Washington as far back as it goes is given in the following.

1900	518,103	1890	349,390	1870	23.955
1892	395,589	1880	75,116	1860	11,594

DEBT LIMITATION.—Nevada has in its Constitution limited the *State* to a nominal indebtedness, except for the purpose of "defraying extraordinary expenses" arising from invasion, war, etc.; and in such cases the law shall provide an annual tax sufficient to pay the interest semi-annually and the principal within twenty-years. Further the State is forbidden ever to assume the debt of any county, city, etc., or to donate or loan its money or credit, or to subscribe to the stock of any company, etc.

Counties, cities, towns etc. cannot become stockholders in any company, or loan their credit, etc. But other than that the Constitution omits to put any limit on county, city, etc., debts; but provides that the Legislature shall make general laws restricting their borrowing power. The Constitutional provisions referred to are as follows:

ARTICLE IX., SECTION 3. [*State debt limited.*] For the purpose of enabling the State to transact its business upon a cash basis from its organization, the State may contract public debts, but such debts shall never in the aggregate, exclusive of interest, exceed the sum of three hundred thousand dollars, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually and the principal within twenty years from the passage of such law, and shall specially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed or diminished, until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threatened, to provide for the public defense.

SECTION 4. [*State prohibited from assuming debts of cities, &c.*] The State shall never assume the debt of any county, town, city, or other corporation whatever, unless such debts have been created to repel invasion, suppress insurrection or to provide for the public defense.

ARTICLE VIII., SECTION 9. [*State shall not loan its money or credit &c.*] The State shall not donate or loan money or its credit, subscribe to or be interested in the stock of any company, association or corporation, except corporations formed for educational or charitable purposes.

ARTICLE XVII., SECTION 7. [*State to assume debts of the Territory.*] All debts and liabilities of the Territory of Nevada lawfully incurred, and which remain unpaid at the time of the admission of this State into the Union, shall be assumed by and become the debt of the State of Nevada *Provided*, That the assumption of such indebtedness shall not prevent the State from contracting the additional indebtedness, as provided in section 3 of article 9 of this Constitution.

ARTICLE VIII., SECTION 10. [*County, city, town &c. not to be stockholders, &c.*] No county, city, town, or other municipal corporation, shall become a stockholder in any joint-stock company, corporation or association whatever, or loan its credit in aid of any such company, corporation or association, except railroad corporations, companies or associations.

SECTION 8. [*Cities and towns to be restricted by general laws*]. The Legislature shall provide for the organization of cities and towns by general laws; and restrict their powers of taxation, assessment, borrowing money, contracting debts, and loaning their credit, except for procuring supplies of water.

POPULATION OF STATE.—Though Nevada has some good grazing land, the mining industry, more particularly silver mining, has had chief attention, and with the decline of this population has also declined, the Census of 1900 showing a total of only 42,335 persons, as against 45,761 in 1890 and 62,266 in 1880. The famous Comstock lode is located within Nevada, but the silver production of the State has undergone great contraction within the last decade. The full record of population is as follows: The 1900 figures include persons on Indian reservations, not considered in previous aggregates. Of such persons there were 1,594 in 1890 and 6,800 in 1880.

1900..42,335 | 1890..45,761 | 1880. 62,266 | 1870. 42,491 | 1860. 6,857

Legislature meets biennially in odd years on the first Wednesday in December, and sessions are limited to 90 days, but may be extended for a further period not exceeding 30 days, provided three-fifths of the members elected to each house concur.

* These officials are elected by the General Assembly and hold office for two years.

CONSTITUTIONAL CONVENTION.—At a special session of the Legislature in January, 1901, a resolution was passed providing for a Constitutional Convention.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the STATE AND CITY SUPPLEMENT of April, 1893, pages 151 and 152. Other items of interest with reference to the Virginia debt will be found in the CHRONICLE as follows: Vol. 56, p. 636, 802; V. 57, p. 155, 190, 565, 733, 950, 1053; V. 58, p. 232, 274, 315, 357.—V. 66, p. 392.—V. 67, p. 333.—V. 68, p. 196, 241; V. 70, p. 1202, 1211; V. 71, p. 408; V. 72, p. 150.

On March 1, 1901, Virginia's debt stood as shown below:

LOANS— NAME AND PURPOSE.	Interest. P. Ct.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.
Riddleberger Bonds, Act of 1882	3	J & J	July 1, 1932 Subject to call after 1900.	$6,329,554
Century bonds, dated 1891	2&3	J & J	July 1, 1991	18,023,773

NOTE.—The Commissioners of the Sinking Funds on Mar. 1, 1901, held $772,500 of century bonds and $219,000 of Riddlebergers; total $991,500.

Of the $18,023,773 century bonds, $8,975,500 are coupon, $9,045,200 registered and $3,073 fractional certificates.

The interest on the Century bonds is 2 per cent for the first 10 years (or until July 1, 1901,) and 3 per cent thereafter. Both issues are exempt from taxation.

Total amount of bonds issued under act of Feb. 20, 1892:

To Bondholders' Committee	$16,359,860
Deposited with Commissioners of sinking fund	1,667,270
	$18,027,130
Canceled	3,357
Total	$18,023,773
Total Act of Feb. 14, 1882	6,329,554
Total debt Mar. 1, 1901	$24,353,327

The Virginia Legislature re-enacted the Funding Act of Feb. 20, 1892, and under its provisions all old Virginia bonds were allowed to be brought in and funded into new Century bonds, upon the same terms as the Olcott settlement, provided they were presented for funding prior to December 31, 1896. By the Act of January 25, 1898, however, another opportunity to fund the bonds was given. By this Act bondholders had until July 1, 1898, to come in and accept the terms, and power was given the Commissioners of the Sinking Fund to extend the time until Dec. 31, 1898. By Act of Feb. 3, 1900, the time was again extended, this time to July 1, 1900, with authority to still further extend it to Jan. 1, 1901. And on Feb. 16, 1901, the Legislature in extra session again extended the time until Dec. 31, 1901. Bonds funded under any amendment or extension to the Act of Feb. 20, 189 , carry interest from the semi-annual period next preceding the date of funding. Under the old law coupon bonds once converted into registered certificates were not re-convertible into coupon bonds, but under the Acts of 1882 and 1892 coupon and registered bonds are interchangeable.

WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is $15,239,370 out of the total debt of $45,718,112. To represent, therefore, West Virginia's share of bonds funded "deferred certificates" were issued. All efforts, however, to induce West Virginia to take recognition of these certificates have thus far been unavailing. In 1885 the holders of about $8,000,000 certificates united for the purpose of obtaining a compromise, and deposited their holdings with the Farmers' Loan & Trust Company, which gave its trust receipts therefor. This attempt came to nothing, and in 1890 Messrs. C. Satterthwaite & Sons, of No. 30 Throgmorton Street, London, E. C., started another movement to bring about a settlement.

An adjustment company, with the Mercantile Trust & Deposit Company of Baltimore at its head, was formed late in 1893 for the purpose of making an attempt at the settlement of the West Virginia certificates. See CHRONICLE, Vol. 57, page 819; Vol. 58, pages 51, 314 and 444.

In August, 1898, another movement was started, this time under the leadership of Messrs. Brown Bros., with the same object in view, and that movement is now being vigorously pushed. The plan provides for ascertaining the exact amount of the old Virginia debt with which West Virginia is justly chargeable (subject to certain limitations), and then compromising that amount at the same percentage at which Virginia compromised the two-thirds of the original Virginia debt, namely 60 per cent for principal and 30¼ per cent for interest. (See the editorial article in STATE AND CITY SUPPLEMENT for April, 1899.) The Legislature of Virginia in March, 1900, passed a bill authorizing the State Debt Commission to take such action and institute such proceedings as may be deemed proper to protect the State's interests and to bring about a settlement with West Virginia. (V. 70, p. 494.) The purpose of this Act was to enable Virginia to bring suit against West Virginia in the U. S. Supreme Court. Application was made June 3, 1900, and granted by the Governing Committee June 13, 1900, to list Brown Bros. & Co.'s Virginia deferred certificates on the New York Stock Exchange. The amount listed on April 1, 1901, was $7,205,426, issue of 1871, with power to add thereto from time to time as additional certificates may be issued under the plan of settlement

After about three-fourths of the old Virginia bonds had been surrendered, and "deferred certificates" been given to represent West Virginia's one third, under the acts of 1871 and 1879, these acts were repealed. The remaining bonds were refunded under other laws. These laws required a certificate to represent one-third the *principal* of the old bonds brought in for funding, but gave "non-interest-bearing certificates" to represent one-third the *interest* on old bonds. The following shows the amounts of each issue:

LOANS— NAME AND PURPOSE.	Interest. P. Ct.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.

Legislature meets biennially in odd years on the second Wednesday in January; sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

* Secretary of State is appointed by the Governor.

TOTAL DEBT.—This State has no debt. In the settlement of the Virginia debt one-third was set apart as the share belonging to West Virginia, but this has never been recognized by the latter State. Various movements to secure recognition have been started from time to time, and one such movement is now in progress; for details see remarks under State of Virginia.

The permanent school fund on Feb. 25, 1901, amounted to about $1,100,000.

MEMPHIS.—{JOS. J. WILLIAMS, Mayor. W. B. ARMOUR, Secretary.

Memphis is the County seat of Shelby County. A yellow fever epidemic in 1878 rendered the city unable to meet its obligations, and in 1879 the city's charter was repealed and the Taxing District of Shelby County was organized for the purpose of securing a compromise with the bondholders on such terms as the city felt able to make. The courts, however, held that the Taxing District was liable for the entire debt of the city, and a compromise at 50 per cent was then arranged for under the act of March 1883. This act was amended in 1885. The old debt has been all retired and interest payments on the new issues are promptly made. In 1891, by an act of the Legislature, this district was again incorporated as a city.

PAR VALUE OF BONDS.—The 6s due 1915 and the stamped Flippins are $1,000 each.

INTEREST—Interest is payable in New York and Memphis. The Flippin bonds carry tax-receivable coupons.

FREEDOM FROM TAXATION.—Bonds are free from local tax.

TOTAL DEBT, ETC.—The city's bonded debt on Jan. 1, 1901, was $2,980,000; sinking fund, $97,000; net debt, $2,883,000.

An annual tax of $1·00 per $1,000 is levied for the retirement of the bonds. A tax sufficient to meet the interest is also required by law.

The funding act of 1883 provides that every part thereof shall be considered a contract between the State, the Taxing District and the bondholders, and no part material to the rights of the bondholders shall be modified while the bonds remain outstanding.

ASSESSED VALUATION.—The assessed valuation and tax rate have been as follows, the assessment being about $^3/_5$ actual value:

TAX FREE.—All bonds issued by this city are exempt from city tax

TOTAL DEBT, SINKING FUNDS, ETC.—The city's bonded debt on Jan. 1, 1901, was $3,389,600, including a water debt of $1,497,000. The city has no floating debt. Beginning in 1900 10 per cent of all revenues collected by the city, except for schools, will be set aside to form a sinking fund (Act of General Assembly 1899) and in addition all surplus on hand Dec. 31 each year, after deducting city debts, will pass to the sinking fund.

WATER WORKS.—The city owns its water works, on which it has expended $1,500,000. By act of Legislature the net revenue derived from sales of water must be applied to interest on the water bonds.

DEBT LIMITATION.—New bonds can be issued only with permission of the Legislature and the vote of the people.

Legislature meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions, but if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the funding laws of 1879, the time prescribed for the exchange having been extended to January 1, 1903. These laws provided for the issue of (1) consolidated 4 p. c. bonds due in 1910 to fund old ante-war bonds at 40 per cent of face value, "New" railroad bonds recognized as valid at 25 per cent, and bonds of 1866 and 1868 at 15 per cent, nothing being given for overdue coupons; and (2) for new consolidated 6 per cent bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating $240 of overdue interest on each $1,000 bond. The new bonds, both 4s and 6s, carry tax-receivable coupons, and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special."

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880, forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds $11,366,000; bonds to Chatham RR., 1868, $1,030,000, and to Williamston & Tarboro RR., $150,000; Penitentiary bonds of 1868 $44,000. The special tax bonds are in 3 classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869; class 3 bearing the coupon of April, 1870 Holders of the special tax bonds brought suit to establish the validity of their bonds and the case was decided in favor of the State.

The recognized debt which had been adjusted up to Dec. 1, 1900, stood as follows:

LOANS— NAME AND PURPOSE—	Interest. P.	Ct.	Payable.	Principal. When Due.	Outstand'g.
Construction bonds	c	6	A & O	Apr. 1, 1919	$2,720,000
Renewal bonds	c	4	J & J	July 1, 1910	3,397,350
Bonds of 1889—					
Prison debt bond		4	J & J	Jan. 1, 1909	110,000
Prison farm bonds		4	J & J	Jan. 1, 1909	60,000

PAR VALUE OF BONDS.—The consolidated 4s are $50, $100, $500 and $1,000; the consolidated 6s $1,000 each. The prison bonds are for $500 and $1,000 each.

INTEREST on the consolidated 4s and 6s is payable in New York at the National Bank of the Republic and in Raleigh.

TOTAL DEBT RECOGNIZED AND TOTAL ADJUSTED.—The funding act of March 4, 1879, was extended to Jan. 1, 1903. The recognized fundable debt which has been funded and the recognized fundable debt which has *not* been funded are as follows:

	Funded.	*Not funded*
Consols 6 per cent	$2,720,000	$22,000
Consols 4 per cent	3,397,350	218,420

To the foregoing we should add the further fact that the State does not have to raise money for the interest on the six per cent bonds for the reason that the lease of the North Carolina Railroad provides a fund for the payment of the interest thereon, and the State holds three millions in the stock of the road, which if sold would much more than pay the principal. In addition the State holds other stocks and bonds to the value of $1,400,000; total, $4,400,000.

ASSESSED VALUATION.—The State's assessed valuation (about 60 per cent of cash value) and tax rate have been as follows:

Years.	*Real Estate.*	*Personal.*	*Railroads.*	*Total.*	*Tax Rate.*
1900	$165,968,278	$86,923,457	$34,447,553	$287,339,288	.....

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893 see the State and City Supplement of April, 1893, pages 163 and 164. Attorney-General Griggs, of the United States, in July, 1900, brought suit against the State of South Carolina to recover on $125,000 principal and $123,750 over-due interest on bonds issued in 1856 to complete the State House. The Sundry Civil Act of June 6, 1900, however, repealed the Act of 1899 under which the suit was brought, and the action was discontinued. See V. 71, p. 875. The bonds matured in 1881, and principal and interest were never paid. See V. 71, p. 147. They came into the possession of the United States, but South Carolina refuses to recognize them. The State debt on January 1, 1901, consisted of the following items:

LOANS— Name and Purpose.	Interest— P. Ct.	Interest— Payable.	Principal— When Due.	Principal— Outstand'g.

PAR VALUE OF BONDS.—The 4 p. c. bonds are for $100, $500 and $1,000, the 4½s for $500 and the 5s for $500 each.

INTEREST.—Interest is payable at Charleston City Treasury; coupons are all tax-receivable.

DEBT LIMITATION.—The city can issue bonds only when authorized by a two-thirds vote of its citizens at a popular election held in accordance with a two-thirds vote of both the City Council and the State Legislature. Under the new Constitution the debt cannot be increased, the limitation being 8 p. c. of the assessed valuation.

An amendment to the State Constitution voted at the November (1900) election and subsequently passed by the Legislature permits the issuance of bonds outside of this limit for water-works and sewerage purposes only. The matter is now before the Supreme Court to establish its validity.

ASSESSED VALUATION.—The city's assessed valuation (about 40 per cent of cash value) and tax rate have been as follows:

Years.	Assessed Valuation— Real.	Personal.	Total.	City Tax per $1,000	Total Tax per $1,000
1900	$12,338,143	$4,907,999	$17,246,142	$29·50	$40·50

State Capital - - - - - - - - - Atlanta
Governor (term expires *Nov. 1902) - - Allen D. Candler
Secretary of State (term expires *Nov. 1902) - - Philip Cook
Treasurer (term expires *Nov. 1902) - - - R. E. Park
Comptroller (term expires *Nov. 1902) - William A. Wright

Legislature meets annually in October, and sessions are limited to fifty days.

*Section 49 of the Code says: "The Governor-elect shall begin the discharge of his duties from the time of his inauguration. The ceremony of inauguration shall take place during the first week of the session of the General Assembly next after the election, and on such day of that week as the General Assembly by joint resolution appoints. On failure of appointment, it takes place at 12 o'clock, meridian, on Saturday of that week, unless prevented by providential causes." Article V., section 2, paragraph 1 of the Constitution says that the Secretary of State, Comptroller-General and Treasurer shall "hold their offices for the same time as the Governor."

HISTORY OF DEBT.—The details of Georgia's early history in debt-making will be found in the State and City Supplement for April, 1893, pages 165 and 166. The debt of the State is now being steadily reduced, $100,000 being devoted each year to that purpose. Moreover the State Constitution adopted in December, 1877, provides against the creation of any bonded debt "except to repel invasion, suppress insurrection, or defend the State in time of war," $200,000 being made the limit for floating indebtedness which may be temporarily incurred in case of deficiency in the revenues.

INTEREST on the university bonds is payable at the State Treasury in Atlanta, and all others at Atlanta, Ga., and at the National Park Bank, New York City.

TAX FREE.—All of the above-mentioned bonds are tax exempt.

BONDED DEBT.—The valid bonded debt of the State of Georgia on Sept. 1, 1900, was $7,836,000, of which $7,831,500 was interest-bearing and $4,500 was past due and non-interest bearing.

STATE PROPERTY.—The State owns the Western & Atlantic RR., extending from Atlanta, Ga. to Chattanooga, Tenn., 138 miles, and has leased it for 29 years from December 27, 1890, to the Nashville Chattanooga & St. Louis RR. Company at a rental of $420,012 per annum. It also holds 186 shares of the Georgia RR. & Bk'g Co., 440 shares of the Southern & Atlantic Telegraph Co and stock of the Northeastern RR

DEBT LIMITATION.—"The bonded debt of the State shall never be increased except to repel invasion, suppress insurrection or defend the State in time of war." (Constitution of 1877, Art. IV, Sec. 12, Par. 1.

COUNTIES, CITIES, &c.—The State Constitution of 1877, Article VII, Section VII, limits the indebtedness to seven per cent of the assessed valuation. The paragraph reads as follows: "The debt hereafter incurred by any county, municipal incorporation or political division of this State, except as in this constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipalities or division, shall incur any new debt, except for a temporary loan or loans to supply casual deficiencies of revenue, not to exceed one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of the qualified voters thereof, at an election for that purpose to be held as may be prescribed by law; but any city the debt of which does not exceed seven per centum of the assessed value of the taxable property at the time of the adoption of this Constitution may be authorized by law to increase, at any time, the amount of said debt, three per centum upon such assessed valuation."

MUNICIPAL BOND ISSUES.—In December, 1897, a very important law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given, the bonds thereafter can never be called in question. See CHRONICLE of January 15, 1898.

ASSESSED VALUATION.—The State's assessed valuation (which is not over 50 p. c. of actual value) and tax rate have been as follows:

TOTAL DEBT, SINKING FUNDS, ETC.—

	Jan. 1, 1901.	Jan. 1, 1900.	Jan. 1, 1899.	Aug. 1, '98.
Total bonded debt	$2,963,500	$2,927,500	$2,927,500	$2,952,500
Water debt (included)	1,173,000	1,173,000	1,173,000	1,173,000

On Jan. 1, 1901, the city's sinking fund amounted to $164,590.

The city charter requires that bonds to the amount of $3,500 be purchased annually by the sinking fund and retired. In addition to this requirement a sinking fund has been established consisting of money set aside from taxes of $40,000 per annum.

CITY PROPERTY.—The city owns its water works, which are valued at $3,000,000, and other property valued at $2,573,650.

DEBT LIMITATION.—Charter forbids increase of city's debt.

TAX FREE.—All the above bonds are exempt from the city tax.

ASSESSED VALUATION.—The city's assessed valuation (about ½ actual value) and tax rate have been as follows:

Years.	Real Estate.	Personal Property.	Total Assessed Valuation.	City Tax per $1,000.
1900.....	$40,872,138	$12,305,579	$53,177,717	$12·50

1897.....	1,749,800	1891.....	1,748,800		

DEBT LIMITATION.—The Constitution of the State of Georgia adopted in 1877, limits municipal indebtedness in this State to 7 per cent on the amount of taxable property. Augusta's debt at that time was in excess of that limitation and still is. Therefore under no circumstances can the debt of the city be increased. No bonds can be lawfully issued except for the purpose of retiring old issues as they fall due. No obligation of this city has ever been repudiated or scaled.

CITY PROPERTY.—The city owns its water works, valued in 1901 at $1,000,000, the Augusta Canal, valued at $2,000,000, and $300,000 in other good real estate within city limits. The net annual income from water rents (canal and water works) was reported in 1900 as $88,350 and increases yearly from new industries and new extensions of water mains. The city also receives $12,000 yearly for certain street railway franchises.

ASSESSED VALUATION.—The city's assessed valuation and tax rate have been as given below. In 1897 the assessed valuation of all real estate was reduced 10 per cent and in 1899 and in 1900 5 per cent was deducted.

Years.	Real Estate.	Personal Property.	Total Assessed Valuation.	City tax per $1000
1901	$13 429,983	$5,917,299	$19,347,282	$12·50

GAINESVILLE.—G. P. BOONE, Clerk.

County seat of Hall County. In July, 1897, the city refused to pay the interest on the $20,000 of railroad bonds due in 1901, on the ground that the bonds were issued illegally. The matter was investigated, with the result that the city authorities became satisfied of the legality of the issue, and then the coupons were all paid off with interest from the date they became due. $20,000 4¼ per cent 30-year bonds will be issued July 1, 1901, to refund the above bonds.

* The $17,000 water bonds are secured by mortgage on water works.

INTEREST is payable in New York and Rome, and the coupons are tax-receivable. Interest has been promptly paid since 1876, when the city made an adjustment of her debt.

WATER WORKS owned by the city are valued at $200,000; the earnings yield a surplus of $4,000 per annum over expenses.

DEBT LIMITATION.—No liabilities can be created by this city until its present debt is paid.

SAVANNAH.—HERMAN MYERS, Mayor. C. S. HARDEE, Treasurer.

Savannah is the county seat of Chatham County. Prior to the year 1876 the city's bonds were all 7s, but since that date a compromise has been made with the bondholders, and all but $3,300 of the old bonds have been exchanged for new ones bearing 5 per cent tax-receivable coupons. The city of Savannah is prohibited by law from issuing any bonds in addition to those already outstanding.

Legislature meets biennially in even years on the Tuesday after the second Monday in November, and sessions are limited to 50 days.

* This is date when the Mississippi Constitutional Convention completed its labors, the Act establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed "a Constitution and State Government for that part of the Mississippi "Territory lying west of the territory herein described."

† Term is two years from time of installation in office.

HISTORY OF DEBT.—For history of Alabama's State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 168. Under an Act of the State Legislature approved Feb. 18, 1895, all bonds authorized to be exchanged under the Act approved Feb. 23, 1876, were barred if not exchanged by July 1, 1896. The amount thus barred was $185,400. Another Act also approved Feb. 18, 1895, and amended Feb. 16, 1899, authorized the Governor to refund the bonds outstanding with new securities bearing such rates of interest as may be deemed best, and maturing in not more than 50 years from date of issue.

The proportion of the colored population was 47·53% in 1880 and 45·04% in 1890. In number, blacks were 345,109 in 1850; 437,770 in 1860; 475,510 in 1870; 600,103 in 1880; and 681,431 in 1890.

CITIES, COUNTIES AND TOWNS IN THE STATE OF ALABAMA.

ANNISTON.—

Anniston is in Calhoun County. Oxanna has recently been annexed. The city defaulted in the payment of interest on its bonds amounting to $295,000. A majority of the bondholders united and brought suit in the United States District Court and secured a judgment against the city for the payment of the overdue coupons. The Mayor and the Chairman of the Finance Committee were appointed a committee to arrange for an adjustment on the basis of a reduction of interest, and an agreement was reached whereby new 20-year bonds were issued to refund the old bonds, together with the interest accrued thereon. The new bonds will bear 2% interest for the first five years, 3% for the next five years, 5% for the third five years and 6% for the remaining five years. Bonds are tax exempt. The Legislature of 1900 authorized the bonds, and they are now (March 10, 1901), in process of exchange.

BIRMINGHAM.—

Birmingham is in Jefferson County. In 1899 an amendment to the State Constitution was passed permitting an increase of one-half per cent in the tax rate, the proceeds to be applied exclusively to the payment of interest on the city's bonds and for the creation of a sinking fund. On Aug. 13, 1895, the old bondholders by arrangement with the city agreed for a term of five years to defer their claim for one-half of the interest coupons. The whole amount withheld, however, together with 5 per cent interest thereon, was paid on Aug. 13, 1900, and the original contract with the bondholders thus fully complied with. Since the latter date all interest has been paid regularly and in full.—See CHRONICLE, Vol. 69, p. 194. [Refunding 5s have been sold to take up the $20,000 school 7s, called for payment July 1, 1901.

MOBILE.—Thos. S. Fry, Mayor.

Mobile is the county seat of Mobile County. This city has paid its interest regularly since the compromise with its bondholders in 1881

LOANS— NAME AND PURPOSE.	Interest. P. Ct.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.
Funding bonds of 1881.....	5	J & J	Jan. 1, 1906 Subject to call at 100.	$2,252,878
Water and sewer bonds 1899..	4½	J & J	Jan. 2, 1939	750,000
Improvement bonds.....	4	M & S	Mar. 1, 1921 Subject to call at 105 after 1905.	60,000

PAR VALUE OF BONDS—The funding bonds are for $500 each water and sewer bonds for $1,000 each.

INTEREST on funding bonds is payable in New York City at the Mercantile National Bank; in Mobile at the First National Bank; on the water and sewer bonds and the improvement bonds at the American Exchange National Bank, New York, and First National Bank, Mobile. The funding bonds carried 4 per cent interest to Jan. 1, 1901, and 5 per cent since that date.

TOTAL BONDED DEBT Sept. 1, 1900, was $2,252,878, not including the water bonds. Of the funding bonds of 1881 about $250,000 are endorsed with the statement that they represent the purchase money for certain wharf property and are secured by a vendor's lien on said property. Of the original issue, about $200,000 are outstanding, the balance having been drawn under the provisions of the Act, from the proceeds arising from the rent of said wharves. An Act of the Legislature requires the city to levy a tax of ¾ of one per cent on its valuation to provide for the payment of principal and interest of the bonds of 1881. After the payment of interest the surplus remaining from this tax is applied to the redemption of the bonds, after drawing by lot, at par, bonds so redeemed being canceled.

ASSESSED VALUATION for 1900 of real estate $11,306,461, personal property, $4,876,443; total, $16,182,904; 1897 was $15,716,922 for 1896, of real estate, was $10,303,555, of personal property, $4,252,872; total, $14,556,427. The total tax rate (per $1,000) for 1900 was $17·50, including State tax $5·50, county tax $5·00, city tax $6·00 and school tax $1·00. Property is assessed at about 60 per cent of its actual value.

POPULATION—The population in 1900 (Census) was 38,469; in 1890 it was 31,076; in 1880 was 29,132; in 1870 was 32,034.

Governor (term exp. January 1904) - - A. H. Longino
Secretary of State (term exp. January 1904) - J. L. Power
Treasurer (term expires January 1904) - - J. R. Stowers

Legislature meets quadrennially in leap years the Tuesday after the first Monday in January, with a special session the second year following the leap year. Regular or quadrennial sessions are not limited, but special sessions are limited to 30 days, unless the Governor by proclamation shall extend the sitting, and only revenue and appropriation bills can be considered, "except such other matters as may be acted upon at an extraordinary session called by the Governor."

*This is the date of the organization of the old Mississippi Territory, which was divided up into two parts when the State was created.

HISTORY OF DEBT.—For history of the State debt of Mississippi see State and City Supplement of April 1894, page 170. The Legislature of 1900 authorized the issuance of $1,000,000 bonds for a new State House. Part of this issue ($250,000) was advertised for sale on October 2, 1900, but sale was afterwards withdrawn, as it was found that the State had sufficient money on hand to go on with the work without bonding. There is a probability that none of these bonds will ever be issued.

INTEREST is payable in Jackson.

TOTAL DEBT.—Mississippi's total indebtedness on Oct. 1, 1900 (including $1,884,658 of debt for school funds, &c., on which interest alone has to be paid), was $2,903,088, and of this amount a large proportion was held by various State funds.

The Constitution of the State interdicts the payment of the so-called "Union Bank" and "Planters' Bank" bonds.

ASSESSED VALUATION.—The State's assessed valuation and tax rate have been as follows. The valuation of railroads, telegraphs, etc., included in total valuation for 1900 was $27 049,788; for 1899 it was $26,337,353; for 1898 it was $25,224,507, and for 1897 it was $24,682,876.

*Further provision for the Government of the Territory, then known as the Territory of Orleans, was made by the Act of March 2, 1805, the duration of the Act of March 26, 1804, having originally been confined to the period of one year from October 1, 1804, "and to the end of the next session of Congress which may happen thereafter."

HISTORY OF DEBT.—For history of the State debt of Louisiana see STATE AND CITY SUPPLEMENT of April 1894, pages, 171 and 172.

Debt on which the State is paying interest is about as follows:

LOANS— NAME OR PURPOSE,	—Interest.— P. Ct.	Payable.	—Principal.— When Due.	Outstand'g.
Consol. 7 per cent bonds of 1874, stamped 4 per cent....	4s	J & J	Jan. 1, 1914	$11,800

Consolidated (constitutional) bonds of 1880.....	4s	J & J	Jan. 1, 1914	101,700

DEBT LIMITATIONS STATE, AND MUNICIPAL.—For debt limitations under the Constitution adopted May 12, 1898, see editorial columns of the State and City SUPPLEMENT for October, 1898. The limitation for municipalities is 10 per cent upon the assessed value of the property of the municipal corporation, parish or drainage district.

PAR VALUE OF BONDS—The consolidated 7s, stamped 4 per cent are for $100, $500 and $1,000. The Constitutional bonds for $5, etc. See CHRONICLE, Vol. 68, p. 987.

INTEREST is payable by Winslow, Lanier & Co., New York City and by the fiscal agents of the State in New Orleans and Baton Rouge.

FISCAL AGENTS.—The fiscal agents of the State are the New Orleans Nat. B'k, the Louisiana Nat. B'k and the Hibernia Nat. B'k at New Orleans, and the Bank of Baton Rouge and First National Bank at Baton Rouge.

TOTAL DEBT—The subjoined statement shows Louisiana's total bonded debt on April 1, 1901.

	April 1, 1900.
Total bonded debt bearing interest.....	$10,877,801
Floating Debt—	
Baby bonds and certificates (act of 1880) exclusive of coupons.....	913,597

The baby bonds are 3 per cents and were due in 1886. They were issued to fund certain obligations of charitable institutions. No interest has been paid on them since January, 1885, but provision has been made to pay the principal of the bonds at not more than 50 p. c.—See CHRONICLE, Vol. 68, p. 987.

In September, 1889, it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but $373,600 consols so issued ($303,600 being consols of 1874 and $70,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also $421,935 fraudulently issued baby bonds outstanding.

There are moreover old bonds not recognized, and hence not fundable, amounting to $3,953,000. These include New Orleans Mobile & Texas 8 per cent bonds, endorsed, $875,000; 8 per cent State bonds issued to said road, $2,500,000; 8 per cent bonds issued to the N. O. Mobile & Chattanooga RR. $70,000; 7·30 per cent bonds issued to the Mississippi & Mexican Gulf Ship Canal Co. $260,000, etc., etc.

ASSESSED VALUATION—The assessed valuation is estimated at about 37 per cent of the actual value. The State tax (per $1,000) for 1900 was $6·00:

NEW ORLEANS.

} PAUL CAPDEVIELLE, Mayor.
} WILLIAM S. DOUGLAS, Compt'r.

New Orleans is co-extensive with the parish of Orleans. An amendment to the Louisiana Constitution authorizing the city to refund its debt at a lower rate of interest was adopted in 1892, and up to Jan. 1, 1900, the city had issued 4 per cent 50-year bonds to the amount of $9,008,500, thus enabling it to pay all its maturing loans and all those upon which it had option. The amendment provides that the interest tax collected in excess of requirements shall be divided between city schools and city improvements. The new Louisiana Constitution, in effect May 12, 1898, confirmed these arrangements. On June 6, 1899, the city voted a special tax of 2½ mills for water, sewer and drainage purposes, intended to provide for an issue of from 12 to 16 millions bonds. As this required an amendment to the State Constitution, the Legislature, in special session, passed a bill for its submission to a vote of the people of the State. At this election the amendment was approved and the bonds were awarded in Dec., 1900. These bonds, however, will not be issued in one lump sum, but will be put out as the improvement progresses.

PREMIUM BONDS.—The premium bonds ($20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July 15, 1875. They also get a premium if they happen to draw a prize, 2,352 prizes aggregating $100,000 being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive 21,000 bonds (par value $420,000) were paid each year, in two instalments of 10,500 bonds each, on January 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place January 31 and April 15 next preceding. The drawings to determine the bonds payable January 15 take place July 31 and October 15.

The drawings to determine which bonds shall receive prizes (ranging from $20 to $5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.

Legislature meets biennially in odd years on the 2d Monday in January, and sessions are limited to 60 days, unless by a two-thirds vote of the members a longer time is decided on.

HISTORY OF DEBT.—For history of the Arkansas State debt see State and City Supplement of April, 1894, page 173. By Act of Congress approved April 29, 1898, a compromise was effected between the United States and the State. In accordance with the terms of this settlement the United States authorities on May 27, 1898, delivered to the State Arkansas bonds and coupons amounting to $1,505,160, and carrying besides a large sum of overdue interest. This operation wiped out the entire debt of the United States against the State except $160,000, which has since been paid.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3 per cent 30-year bonds, denominations $500 and $1,000, except $22,000 in bonds of 1869 and 1870, and the estimated interest thereon, amounting to $36,000, which have not been presented for refunding.

The total amount of bonds issued up to Oct. 1, 1900, was $1,271,000, of which amount $1,113,000 are held by the State's School Fund; $88,500 by the treasury of Washington County, Ark., and $69,500 by individual parties.

TOTAL DEBT, Etc.—The bonded debt on Oct. 1, 1900, consisted only of refunding bonds (referred to above) as follows:

	Interest.	When payable.	Maturity.	Amount.
Refunding bonds	3	Sept.	1929	$1,271,000

The following statement shows the debt of the State as it stood *prior* to the refunding of the recognized debt under the Act of 1899. In 1898, under a compromise made by Act of Congress, as noted above, a large amount of bonds and coupons held by the United States was delivered up, which accounts for the reduction shown October 1 1898.

INDEBTEDNESS PRIOR TO REFUNDING UNDER ACT OF 1899.

	Oct. 1, '98.	Oct. 1, '96.	Oct. 1, '94.	Oct. 1, '90.
Total bonded debt	$882,000	$1,576,000	$1,805,000	$2,092,100
Overdue interest	683,580	2,642,752	3,018,022	2,884,897
Total debt	$1,565,580	$4,218,752	$4,823,022	$4,976,997

In addition to the above indebtedness there was outstanding on Oct. 1, 1898, State scrip to the amount of $375,264 and sinking fund notes $105,022, making the total State indebtedness $2,045,866. All this scrip was called for payment Aug. 1, 1899, (to be barred if not presented for payment within six months), and the amount so barred was about $374,000.

DEBT NOT RECOGNIZED, HOLFORDS, Etc.—A summary of the unrecognized debt appears below. To aid in distinguishing the Holfords from the valid bonds of the State it should be said that under the act of April 6, 1869, two series of funding bonds were issued. One was dated July 1, 1869, and numbered from 1 to 1,000, inclusive. All of this series are printed in blue ink and are non-Holfords—in other words, are recognized obligations. The second series were dated January 1, 1870, numbered from 1 to 2,050, inclusive, and are printed in red ink, Of this series numbers 491 to 1,860, both inclusive, are the Holfords which constitute part of the unrecognized debt. The unrecognized debt is as follows:

LOANS— NAME AND PURPOSE.	Interest. P. Ct.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.

1874	149,793,361	94,717,197	244,510,558	.....

The valuations of franchises are not given in the above table; for 1900 this valuation was $32,312,624.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the STATE AND CITY SUPPLEMENT of April, 1895, page 178.

Where the fact is known to us we have marked with a star (*) in the returns below the issues put out *prior* to the enactment of the above law.

A law went into effect Aug. 26, 1899, compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds [all except "funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city;" also excepting bond issues for less than $2,000, when "issued for the purpose of repairing buildings or structures, for the building of which bonds are allowed to be issued,"] to a vote of the qualified taxpayers before the issue can be submitted to the Attorney General for approval as required by the law of 1893—V. 69, p. 509.

POPULATION.—The population of Texas has been as follows:

1900	3,048,710	1880	1,591,749	1860	604,215
1890	2,235,523	1870	818,579	1850	212,592

Of the total population in 1890 492,837 were blacks, which compares with 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1890 being only 22·04 per cent, against 24·71 per cent in 1880 and larger percentages in previous decades.

CITIES, COUNTIES AND TOWNS IN THE STATE OF TEXAS.

NOTE.—*For statements not given in alphabetical order, see "Additional Statements" at the end of this State.*

AUSTIN.—JOHN O JOHNSON, City Clerk.

This is the capital of the State and the county seat of Travis County. $52,500 of General Revenue bonds issued prior to 1890 are in litigation. See CHRONICLE, Vol. 69, p. 91. The Jan., 1900, interest on the water and light bonds was not paid when due—see CHRONICLE, V. 70, p. 46. On June 4 the City Council, however, authorized an appropriation for the payment of overdue interest for the quarters ending January 1 and April 1, 1900—see CHRONICLE V. 71, p. 45. Since April, 1900, however, no interest has been paid. The Austin dam, water-works, electric light and power houses, for the building of which the water and light bonds below were issued, were destroyed by the disastrous floods that visited Texas in April, 1900.—V. 70, p. 755.

FORT WORTH.—{T. J. POWELL, Mayor. J. J. NUNNALLY, Auditor.

This city is the county seat of Tarrant County. The validity of some of the city bonds was the subject of litigation, but a recent decision of the Court of Civil Appeals confirms their legality. See Vol. 66, p. 775 and Vol. 67, p. 1072. The city failed to pay its interest due in September and November, 1899 (see V. 60, p. 711), but in January, 1900, paid all arrears. The present year the city was in arrears on its interest due in January and February, but is now (April 1, 1901), paying not only the interest for those months but that due for March as well. In

* Issued prior to the law of 1893, which requires approval and registration by State officials.

December, 1900, an appeal was made to holders of Fort Worth bonds to consent to refunding the debt into new 4s and a resolution to aid in the process was passed by the City Council. See CHRONICLE V. 72, p. 100.

GALVESTON.—{I. H. KEMPNER, Treasurer. / THEO. K. THOMPSON, Auditor.

Galveston is the county seat of Galveston County. This city was badly injured by a hurricane on Sept. 8, 1900, it being completely inundated by the waters of the Gulf of Mexico. The loss of life reached several thousands, while the property loss ran high into the millions. —V. 71, p. 564. All interest on outstanding bonds has been promptly paid to this date, Mar. 28, 1901. The city Auditor states that the city will endeavor to refund the outstanding bonds at a lower rate of interest, and that the principal of all the city's debt—bonded and floating—will be paid in full.

RESPONSIBILITY FOR DAMAGE BY ELECTROLYSIS.

The loss to electric railway companies of motive power due to stray electric currents is in general an unappreciated quantity. As these stray currents are prevented so is a large economy in fuel obtained at the generating plant and a wholesome immunity secured from damage suits due to electrolytic action. The effects of electrolysis upon gas and water pipes are at present most familiar, but cases of injury to stand pipes and the steel frames of tall buildings are gradually coming into prominence.

The electric current always seeks the easiest path, and as the joint resistance in cast-iron water pipes is about 95 per cent of that of the total line, the current leaves the pipe at a joint either permanently for a conductor of less resistance or to pass around the joint to the next length. Since the evil effects from electrolysis are usually found at the point where the current leaves the conductor and not where it enters, the effect is more serious in the latter case when the current passes from the spigot to the heavier bell end than vice versa. The soil around the pipe ordinarily presents an easier path than the water inside, so that there are usually more and deeper pittings on the outside of a pipe than on the inside. This is fortunate, as the inside of a pipe is not easily inspected. The wandering of the current may be lessened in a great degree by having all rail joints equally well bonded and of the same resistance to the flow of the electric currents as the remainder of the rail. Much benefit may be derived also by return track feeders having tap connections to the rails every 300 or 400 feet, with cross-bonds midway between. In the endeavor to stop electrolytic action it is necessary simply to find where the current enters the main and stop that, as then there can be no current to leave the pipe. Stray currents, however, cannot be entirely prevented so long as the single trolley system is used with the rails in contact with the earth for the return side of the circuit. Complete freedom can be obtained only by furnishing a return path from which there is no escape, as in the double trolley system, with the conductors either overhead or in a conduit. Another danger from the absence of an adequate return system is becoming evident. At some railway crossings it has been found that there is practically no return conductor for the electric current, so that at these crossings if a car does not have sufficient momentum to pass without the use of its motors, it will become stalled on the crossing. This grave danger should cause increased watchfulness of the bonding at these points.

An important decision in relation to the responsibility for damage to underground pipes by electrolysis has recently been given at Indianapolis, Ind., in a preliminary Superior Court decision overruling a demurrer in which the defendant endeavored to set the case aside. The action was brought against the Indianapolis Street Railway Co. by the Manufacturers' Natural Gas Co. for alleged damage to its pipes by the currents of the railway company. The substance of the decision is as follows:

The defendant operates its cars in such a manner as to seriously injure, and in some cases destroy, the plaintiff's pipes. The plaintiff cannot by any known method protect its pipes from injury, whereas the defendant can operate at reasonable expense its cars in such a manner as not to injure said pipes.

The plaintiff owns its pipe line, which is property within the meaning of the law, may be taxed, sold and purchased as other property, and is laid in the street by legal authority. The railway company uses these pipes as a conductor for its return current, thereby destructively using private property for public use, which demands just compensation.

The city did not grant a monopoly of the streets to the defendant or its predecessor, and the fact that its equipment was established in the street before the plaintiff's pipes does not relieve the railway company of responsibility for damage due to its currents; that the gas company is not a trespasser, but while using the streets lawfully has its property taken by the defendant in the course of its operations.

For these reasons Judge Brown considered that the plaintiff had good cause for action and overruled the demurrer.

THE ELECTRICAL EQUIPMENT OF THE MANHATTAN RAILWAY.

The two striking characteristics of the electrical equipment of the Manhattan Railway, which is expected to be in partial operation by June of this year, are immensity and duplicity. When finished, the Manhattan plant will be much the largest steam-driven electrical plant in the world. Add to this the fact that every contingency which skilled and zealous engineers can foresee is guarded against and provided for by duplicating or substituting parts, and a result is obtained which it is difficult to appreciate, but which demands admiration.

In the fiscal year ending June 30 1900 over 184,000,000 passengers were transported—an average of over 500,000 per day. During the period of maximum traffic there are about 225 trains, hauled by steam locomotives, in operation between terminals. A daily average of over 620 tons of coal and 1,460,000 gallons of water is required for the locomotives, of which the heaviest in service weigh 34,000 pounds and handle five loaded cars. The local schedule speed is about 13·5 miles per hour, but the Third and Ninth avenue express trains average 14 and 17 miles. The safe, regular and uninterrupted service maintained with steam as the motive power has established a precedent which will test the capabilities of the electric system, about to be substituted, to the uttermost. The record achieved during twenty years of carrying 3,348,000,000 passengers without loss of life by collision or accident to trains is at least remarkable. It is a noteworthy instance of what may be accomplished by a skilful, conscientious executive force under wise and efficient management.

For many years, as surface electric lines came into existence, efforts were made to have the Manhattan Company change its motive power from steam to electricity, but until recently it was considered politic to allow others to experiment with electrical installation. On February 28 1899, the stockholders of the company, in accordance with President Gould's desires, voted to change from steam to electricity for motive power, and to issue $18,000,000 additional stock to pay for the expense of said change. Some of the benefits expected to be gained from this change are freedom from the nuisance of smoke, steam and cinders; a larger number of people carried, since six-car trains will make faster time than the heaviest practicable locomotives can make now with five cars; maximum speed acquired more quickly, and, by aid of more powerful brakes, stops made in less time.

The task set for the Manhattan plant will be to supply current of proper intensity and sufficient quantity to 75 miles of third rail. The entire current is to be generated at an immense power plant on the East River, between Seventy-fourth and Seventy fifth streets. The current there generated by three-phase alternators will be carried, at about 11,000 volts, through three conductor cables laid in conduits containing twenty-eight vitrified clay ducts to seven sub stations which are located near the line of the railway. In these stations rotary converters will receive the current at 390 volts from step-down transformers, and will send direct current, at 625 volts, to the third-rail conductor. Provision is also made in the sub-stations for storage batteries of 3,000 kilowatt hours capacity. It is not intended to use these at first. The demand upon the third rail for power and heat and light in the trains will vary from 5,000 horse power to 60,000 horse power, with a daily average of about 30,000 horse power. Eight dynamos rated at 5,000 kilowatts, but able to deliver 7,500 kilowatts(10,000 horse power), are to supply the current.

There are several noteworthy characteristics of this system given in a report by the company's engineers, Mr. George H. Pegram, Chief Engineer; Mr. W. E. Baker, Electrical Engineer and General Superintendent, and Mr. L. B. Stillwell, Consulting Electrical Engineer. The potential of 11,000 volts, instead of the ordinary 6,600 volts, at which the current is delivered, effects a reduction of 40 per cent in the amount of copper required in the conductors. The higher potential requires a higher degree of insulation to obtain equal security against accidents, but as a matter of fact the rate of increase of insulation is greater than that of the potential.

Great care has been taken in the matter of switches. Since the power required to operate the road varies widely during the twenty-four hours, an unusual amount of switching is demanded to secure an economical management of the plant. When quick action is necessary, the eye is to be relied on with greater certainty than the memory, therefore the controlling board is arranged to present graphically to the eye the main alternators, bus-bars and feeder circuits. "In time of emergency, the operator, who must quickly effect a transfer of circuits, cannot stop to draw diagrams or connections or even think diagrams. The switching apparatus must be made automatic up to the point where the use of automatic devices introduces risks greater than it eliminates."

The size (32 inches diameter) and weight (370,000 pounds) of the revolving dynamo field of the generators is so great that it acts as a fly-wheel. This allows the engine to be made narrower and secures greater stiffness in the shaft. The hub for the revolving field is cast steel, to which are fastened the two webs of rolled steel plates carrying the rim. This construction ensures great strength, and would seem to preclude any possibility of bursting if the rate of revolution should pass, temporarily, beyond the normal.

The sub stations are made upon practically the same lines, both inside and out. It is of vast importance to have the same interior arrangements in the different stations. The necessary transference of employes from one station to another can then be accomplished with the minimum friction and liability to mistakes.

The main power station is located as near the centre of distribution as the factors of coal delivery and ash removal, water for condensers, and value of property, would allow. It is probable that the natural growth of the system will move the centre point nearer the power house. The station is located on the East River, where the channel is deep, straight and in rock, without protruding piers. This gives an ample supply of suitable water for the condensers and affords an easy method for the removal of warm discharge water as well as the advantageous receipt of supplies and disposal of refuse. The station, which is 413 feet long on Seventy-fifth Street, 395 feet on Seventy-fourth Street, and 204 feet 4 inches wide, is designed for a maximum capacity of 100,000 horse-power with room for 50 per cent increase. The

building is brick, with a granite base, and is divided lengthwise into two parts; an engine house in the southern part 93 feet 6 inches wide, and a boiler house in the northern part 104 feet 2 inches wide, each having the basement floor 4½ feet above mean high water and 1½ feet above the highest water on record. Across the west end is a two-chamber vault for storage batteries and oil. The coal is taken from the barges by a 1½-ton shovel, passes through crushing and weighing hoppers to bucket conveyers, by which it is carried to the three coal bunkers at the top of the boiler house. From these bunkers, which hold 15,000 tons, a supply for twenty days, the coal is carried by chutes to the Roney mechanical stokers on the next two floors. On these floors there are 64 Babcock & Wilcox horizontal water-tube boilers of 500 horse-power each, arranged in batteries of two boilers with a stack for every eight batteries. The ashes from the furnaces pass by chutes to the basement, where they are carried by dump cars and a bucket conveyer to the storage bins at the river to be loaded by gravity into barges or wagons. All the coal and ash conveyer machinery is driven by electric motors. The pumps in the centre of the basement are separated from the ash conveyers on either side by two longitudinal walls. There are to be sixteen economizers. The eight compound horizontal (44 in. dia.) and vertical (88 in. dia.) cross-compound engines, with 60-inch stroke and a speed of 75 revolutions per minute, are being constructed by the E. P. Allis Company.

The current is supplied to the car motors by means of a shoe in contact with a carefully bonded 100-pound third rail of special composition, which is effectually insulated from the track ties. For the return circuit the 90-pound track rails are bonded with flexible stranded cable, as will be also the longitudinal girders of the elevated structure.

What careful preparations have been made for contingencies will be apparent from the following instances. An elevator designed to carry a horse and cart-load of coal runs to the coal bunkers to supply coal if for any reason it is impossible to secure coal from vessels. Between the bunkers there is a clear air space of 35 ft., so that in case of fire it can be confined to one bunker and the plant supplied from the other two. Sixteen Sturtevant blowers are to furnish forced draft, if required by reason of "increase in load, unusually low barometer combined with bad coal, neglect or bad judgment on the part of the firemen, or accident to some portion of the plant requiring forcing of the remaining units." Feed-water is obtained from the city main, but in case this source should fail, provision is made to obtain the supply from the river.

The wisdom of the management of the Manhattan Railway has been sound and discerning in awaiting the proper time for the change from steam to electricity, and then calling to their aid engineers who have planned wisely and built well.

COMPRESSED AIR AS A MOTIVE POWER.

It may well be that the number of different methods for moving street cars has reached its maximum. We have the now tried and approved electric traction, with its overhead or underground circuit or live third rail, or its experimental sectional third rail or storage battery. Passing from before us are the lumbering, sleepy horse car, the puffing, dirty steam car, and the jerky, erratic cable car, while into our horizon, silently but surely, steals the compressed air motor. Efforts in the immediate future will be devoted, doubtless, to electricity and compressed air for street car propulsion. The death knell of the overhead trolley is already sounded, and the surface live third rail is far from faultless.

The compressed air motor has at once found work for which it is adapted. In the first place, it is an independent unit, and, so long as its charge of air asts, can run at pleasure, which renders it valuable for cross town service. The attention of the United States army officials was drawn to the successful operation of compressed-air locomotives in the large plant of the California Powder Company, near San Francisco. After careful investigation and study, a trial locomotive has been built for use in handling cars of ammunition at the United States storage grounds on Iona Island, N. Y. Compressed air is particularly well adapted for this work, since no fire can be tolerated in such a place. Another use for which compressed air is eminently fitted is for handling cars at terminal stations and on belt lines. The New York Central Railroad Company has under consideration the adoption of compressed air in the tunnel leading from the Grand Central Station to Harlem. The plan is to haul a "standard New York Central train, including the steam locomotive, from Forty-second Street to Mott Haven."

The results achieved with the compressed-air cars in New York, Chicago and Rome, N. Y., are, on the whole, very satisfactory. The Hardie cars, which do night service on the North Clark Street cable line in Chicago, achieved an enviable record in that they were the only cars to operate on regular schedule time during the severe winter weather and snow storms in the winter of 1899-1900.

The most complete installation in this country is on the Twenty-eighth and Twenty-ninth streets cross-town line of the Metropolitan Street Railway Company, where the entire service is performed by compressed air motors. The company has given the relative costs of different methods of propulsion, which are very instructive. They give the following average costs for operation and maintenance in cents per car mile: For horse cars, 18·98, cars smaller than on other systems; for cable cars, 17·76; for electric cars, 13·16, and for compressed-air cars, 17·42. When allowance is made for the fact that the power and charging plant is sufficient to operate about eighty cars instead of the twenty now in use, without material increase in cost, that the plant is new, with all the disadvantages from inexperience and untrained judgment of employes, the claim made by the Compressed Air Company for an operating expense of 13·57 cents per car mile seems rational. This system must be credited also with the absence of the cost of special installation required by the electric system, as well as with the more economical operation of the central station, which can be run with a uniform load.

After compression the air is stored at 2,500 lbs. per sq. in. in steel bottles to be drawn upon at need. From these reservoirs the air is charged at the same pressure into similar bottles, capable of safely sustaining a pressure of 4,000 lbs. per sq. in., which are placed beneath the floor and the seats of the car. The air next passes through a reducing valve, from which it goes, at a pressure of 150 lbs. per sq. in., to

a hot-water reservoir. During compression the air becomes heated, but to secure economy this heat has to be abstracted, so that when it is charged into the car cylinders the temperature may be about that of the air. By passing the air through hot water heat is regained, and by applying enough heat practically as much work may be performed by the air in the motor as was expended upon it in the air compressor. Also, if there is any moisture in the air at the time of expansion it will not be cooled low enough to freeze and thus choke the exhaust. An actual test has been made to demonstrate the efficiency of re-heating the air. A car was run supplying cold air to the motors and it stopped at the end of eight miles. When hot air was used the car ran fifteen miles. The storage reservoirs for both hot water and compressed air can be charged, at the same time, in about two minutes. In a recent trial of the Hardie compressed-air locomotive, at Rome, N. Y., a maximum speed of thirty-five miles an hour was obtained. The engine is said to haul four or five loaded passenger cars twenty-five miles with one charge of air. Other merits claimed for this system are: Slow-moving machinery which is easily maintained; opportunity for charging cars and storage in power-house for use during rush hours; spring-supported motors and load; low first cost of plant and low cost of maintenance, and freedom from liability to delay in transit from snow, ice or sleet.

A COMPOSITE STEEL AND CONCRETE TIE.

Very inadequate study has been given by the managers of many railroads to the proportion of the expense for track maintenance due to the renewal of ties and the saving which may be made therein. The annual supply of ties required for renewals and new construction in this country is over 90,000,000. This, with about one-tenth as great an amount of timber used in bridges and trestles, consumes the available supply of the "best timber from probably more than 1,000,000 acres and the annual product of at least 50,000,000 acres in good condition or more than 10 per cent of the present forest area of the United States." Add to the above demand that due to other uses, and a drain is created on our timber resources which must cause an increase in cost of stock and the ultimate substitution in so far as possible of other materials for wood. The cost of material alone makes it extremely desirable to lengthen the life of the tie; but cost of the stock is not all—18 to 50 per cent as much more is expended in placing the tie in an already constructed track.

A tie should have long life—not be affected by water and earth, therefore not requiring frequent renewals; it should furnish adequate bearing surface for the rails and transfer the pressure brought upon it over a sufficient area of the ballast; it should allow the rails to be attached and detached quickly and satisfactorily, and it should be as cheap as the requirements will allow.

During the early construction of railroads timber was used with an almost criminal wastefulness, and even at the present time due care is not exercised in many quarters; ties are removed before they have passed their usefulness, piled in heaps and burned, when they might be used for posts, foot supports for earth slopes and similar purposes, or cut by machinery for fuel. As the number of available sticks grows less, efforts are made to increase the life of each stick. To accomplish this object the wood is treated with various preparations to render it less susceptible to decay and to allow the use of what would be otherwise unsuitable material; metal tie-plates are placed between the tie and rail to distribute the pressure over a larger area and to receive the wear from the motion of the rail, thereby lessening local decay, and in some instances improved methods are used for fastening the rails to the ties. When the combined efforts in these directions prove ineffectual, attention must be turned to some other material than wood. This condition now obtains in Europe, so that nearly one-fifth of the total railway mileage of the world has metal ties. The European experience with these ties is that they last from twenty to forty years, reduce the cost of labor for maintenance and give a superior track, because the roadbed is not disturbed with frequent tie renewals. For the first three or four years the cost for maintenance is at least as much as for wooden ties, but at the end of that time the ballast is compacted, affording a solid bearing for the ties, upon which they remain with decreasing care. Although such favorable results have not been obtained in this country, it may be that designs better adapted to the service requirements here may meet with greater success.

Efforts to obtain a substitute for wooden ties are now being made in this country in the direction of the "composite steel and concrete railway cross-tie," patented by Mr. C. C. Harrell, of Chicago. Thirty of these ties were placed on a 6 deg. 30 min. curve in the westbound main track of the Pittsburg Fort Wayne & Chicago Railway near Harrison Street, Chicago, at which point the speed is about 15 miles per hour. The ties were 7 feet 4 inches long, 10 inches wide under the rail, 6 inches wide at centre, 8½ inches deep under the rail and 12 inches deep at the centre. They carried 85-pound rails and were laid on a broken stone ballast. At the end of 15 days the concrete was found separated from the iron in two ties and they were replaced by new ones. In eight months ten ties were found cracked, two very badly, due probably to poor manipulation of the concrete. After ten months the ties were removed because of the failure of the method for locking the rail. The track was not re-lined or surfaced during the time that the ties were in use. It is estimated that the ties will cost less than $1 if made in large quantities. A modified form has been designed by Mr. J. J. Harrell, of Wilmington, Del. The improved tie, which weighs about 300 pounds, is 7 feet 8 inches long, 8 inches thick, 5 inches wide on top and 8 inches wide on the bottom. The top and bottom are formed by two 7-foot channel bars with separators. Inclined and vertical struts are placed under the rail seat. The seat is formed by a short piece of channel iron through which pass the anchor bolts to the bottom channel. A packing plate is placed under the rail, which is held in place by bolted clamps, filling the rail base and the edge of the channel. It is hoped that further experimenting may secure better results with the concrete of the tie.

The subject of composite ties would seem to offer good problems for careful investigation. The envelope of concrete should protect the metal from corrosion, and the concrete can be arranged so that the composite tie can be used at terminal stations, where track renewals are expensive and dangerous, but where metal ties would require insulation from the rails before the track circuit could be used in the block-signal system. Favorable developments may be looked for in this direction.

STREET RAILWAYS.

SECURITIES AND REPORTS.

This is one of our four SUPPLEMENTS. In using the series it is to be remembered that they are inter-dependent publications, complete only as a whole. If utilized together, and with the fresh items of news the CHRONICLE contains from week to week, the investor will have all the information he needs in seeking a safe and remunerative lodgment for his money.

Street Railways forcibly illustrate this inter-dependence. Such roads obviously rely for their income, and therefore in great part for the value of their securities, upon the population and activity of the country they serve. Hence constant reference to our STATE AND CITY SUPPLEMENT will be found necessary by those wishing to purchase the stocks and bonds of street roads. Population, assessed valuation, tax rate, total debts of the counties, cities and minor municipalities are given at length in that publication, every one of which items is an essential fact contributing more or less to any correct estimate of the amount of suburban travel a given road commands.

The ABBREVIATIONS used in our Street Railway statements will be found explained in a table immediately following the last statement in this SUPPLEMENT.

A full INDEX which shows where each railway will be found is also given on the closing pages.

AKRON, OHIO.

POPULATION 1900 WAS 42,728; IN 1890 WAS 27,601; AND IN 1880 WAS 16,512.

NORTHERN OHIO TRACTION—Trolley.

Incorporated in Ohio July 1st, 1899, and is a consolidation of the Akron Traction & Electric and of the Akron Bedford & Cleveland. The Akron Traction & Electric was successor to the Akron Street Ry. & Illuminating Company sold at foreclosure March 28, 1899, and then purchased by Henry A. Everett, of Cleveland, as preliminary to the present consolidation. Mr. Everett is also President of the Cleveland Electric Railway, known as the "Big Consolidated," with which system close relations are maintained. Jan., 1901, purchased for $600,000 the Akron & Cuyahoga Falls Rapid Transit. Jan., 1901, $500,000 new common and $500,000 new pref. stock were issued.

UNITED TRACTION.—A trolley road.

ORGANIZATION.—Chartered Dec. 30, 1899, as a consolidation of the Albany Ry. [chartered in 1863], the Watervliet Turnpike and RR. and the Troy City Ry. [chartered Jan. 31, 1866]. See V. 69, p. 1147, 1300; V. 70, p. 77. Stock was first $4,000,000, but increase to $5,000,000 authorized in Feb., 1900. The additional $1,000,000 will go to provide equipment and improvements and take up $399,300 of Troy City debentures; the latter are omitted in the statement below. V. 70, p. 330. The additional stock is to be issued 2,500 shares each on May 1, Aug. 1, Nov. 1, 1900, and April 25, 1901.

In Sept., 1899, the old Albany Ry. entered into contract with Hudson River Power Transmission Co. of Mechanicville for supply of power sufficient for operating consolidated system.—V. 69, p. 541, 909.

In 1900 made traffic agreement with Albany & Hudson Railway & Power Co. [V. 71, p. 390] giving the latter permission to run cars into Albany over its tracks, but has otherwise no connection with proposed road.

LEHIGH VALLEY TRACTION—A trolley road.

ORGANIZATION.—All the lines in and around Allentown were on Nov. 17, 1899, merged in a new company (incorporated in Pennsylvania) called the Lehigh Valley Traction. These lines were formerly operated by the Allentown & Lehigh Valley Traction and comprised the following companies:

Allentown & Bethlehem Rapid Transit,	Bethlehem & S. Bethlehem St. Ry.,
Allentown & Emaus Street Ry.,	Catasauqua & Northern St. Ry.,
Allentown Passenger Ry.,	Lehigh Valley Traction.,
Bethlehem & Allentown St. Ry.,	South Bethlehem & Hellertown Street Ry.

Also owns a majority of the stock of the Allentown Electric Light & Power Company. Owns Rittersville Hotel Co. & Park. The Bethlehem & Nazareth St. Railway is leased.

On Dec. 1, 1900, leased the Easton Consolidated Elect. Co. for 999 years at 3 per cent upon its capital stock. V. 71, p. 1067. In Jan., 1901, leased for 999 years the Slate Belt Electric St. Ry., running from Bangor, Pa., to Nazareth, Pa., and the Slatington St. Ry., extending from Allentown to Slatington, Pa.

ALTON RAILWAY, GAS & ELECTRIC—

ORGANIZATION—This company was organized in 1899 to operate street railways in Madison and St. Clair counties (Ill.) and to furnish gas, electricity, steam and water, for light, fuel, power and district heating, and to operate parks and pleasure resorts. On Aug. 7, 1899, company was consolidated with the Alton Railway & Illuminating Company. See V. 68, p. 1178 and V. 69, p. 282. Also bought from the bondholders of the old Alton Gas & Electric Light Co. the property of that concern sold at foreclosure July 1, 1899. In Nov., 1900, purchased for $5,000 "as salvage" the property of the Alton Electric & Service Co., which had attempted competition and failed after spending $15,000.—V. 71, p. 1218.

BONDS—Of the $5,000,000 new mortgage, $800,000 are reserved for underlying bonds.

ROAD—Besides the city lines in Marion, Anderson, Muncie and Elwood, operates an interurban road from Anderson (via Linwood, Alexandria, Summitville, Fairmount, Jonesboro, Gas City and Soldiers' Home) to Marion, with a branch from Alexandria (via Orestes and Dundee) to Elwood. The interurban lines aggregate about 44 miles out of the 100 miles operated.

Additional mileage of 53 miles has just been completed as follows: From Anderson east to Muncie, 17 miles (via Chesterfield, Daleville and Yorktown), and from Anderson southwest to Indianapolis, 36 miles (via Pendleton, Ingalls, Fortville, McCordsville, Oaklandon, Lawrence and the State Fair Grounds). Projected 5 miles Frankton Branch and 5 miles Middletown Branch. A large central power station, with necessary storage batteries at Anderson, to be operated on a three-phase system, with sub-stations likewise equipped with storage batteries is approaching completion. The new station will replace the stations in the various cities and towns.

REPORT—The following earnings are on the operated mileage (87 miles) for the full year, but on certain other lines for a short time only. The line from Anderson to Indianapolis was not opened until Jan. 1, 1901. It should be noted that the reconstruction of the power house and lines interfered not only with traffic but also with the economical operation of the road.

Twelve months ending Dec. 31, 1900.

Gross earnings	$447,616
Operating expenses	247,045
Net earnings	$200,571
Interest on bonds outstanding (not including $1,700,000 sold for new construction), sinking fund and taxes	177,946
Surplus	$22,625

Owing to delays in the delivery of material, new construction was delayed long beyond the time originally estimated. Full service and economical operation will not be possible, we are informed, until the completion of the new power station about Mch. 15, 1901.

LATEST EARNINGS—Jan., 1901, $44,528; Jan., 1900, $34,657.

BONDS—Of the $6,000,000 mortgage of the Atlanta Railway & Power, $1,000,000 are reserved for future acquisitions and $2,500,000 to retire the Atlanta Consolidated Street Railway 5s of 1899, which can be called in 1904; mortgage provides that no dividends can be paid until all the latter have been retired. Sinking fund of 1 per cent of bonds outstanding begins after five years, but *bonds can not be called*

ROAD AND PLANT.—Owns about 100 miles of track in city of Atlanta and environs. Company in 1900 sought franchise from City for public and commercial electric lighting, but the proposed ordinance was vetoed by the Mayor, and the veto was sustained. See V. 71, p. 287. Under a settlement in Nov., 1900, with the Atlanta Rapid Transit it is believed opposition to lighting privileges will now be withdrawn. V. 71, p. 1012, 1066. On Feb. 5, 1901, a new ordinance was unanimously passed by one branch of the Legislative Chambers, but it was subsequently recalled for further consideration. V. 72, p. 337.

ATLANTA RAPID TRANSIT.—An electric road.

ORGANIZATION—Formerly the Collins Park & Belt RR. Feb., 1901, had completed 31·16 miles of track, of which 27 miles was being operated; has franchises over the principal streets of Atlanta, and also extends to all the summer resorts. Track is laid with 90-lb. girder rails; 45 cars of the newest design ordered, of which about one-half received. In 1900 purchased at receiver's sale the Atlanta Electric Ry., a suburban line, running to Lakewood.

Constitutes an opposition line to the old roads controlled by the Atlanta Railway & Power. Litigation to prevent condemnation of tracks of the latter delayed construction for a time. Franchise provides that in case of consolidation with another road both companies are to pay 5 per cent of gross receipts to city. Also that company cannot be subjected to any tax on gross receipts until the Atlanta Ry. & Power Co. can be compelled to pay the same tax. In June, 1900, Rapid Transit Co. began selling 3 tickets for 10 cents.

UNITED RAILWAYS & ELECTRIC CO. OF BALTIMORE.—Trolley road.

ORGANIZATION—Incorporated at Annapolis March 4, 1899, to consolidate the Baltimore Consolidated Railway Co. and the Baltimore City Passenger Railway, which consolidation was effected the same day. Comprises all the passenger railways in Baltimore City and Baltimore County and lines extend into Anne Arundel County and Howard County. Through the consolidation of the two roads named and various prior consolidations with those roads, embraces the following:

Baltimore Catonsville & Ellicotts Mills Passenger RR.	Central Railway Company.
Baltimore City Passenger Ry. Co.	Gwynn's Falls Railway of Baltimore City.
Baltimore Consolidated Ry. Co.	Maryland Traction.
Baltimore & Curtis Bay Ry.	Pimlico & Pikesville RR.
Baltimore Gardensville & Belair Electric Ry.	Shore Line Electric Ry.
Baltimore & Northern Elec. Ry. Co.	Walbrook Gwynn-Oak & Powhatan.

Also owns all the bonds of the Baltimore Middle River & Sparrows Point RR. The latter company is in default, and the United Railways & Electric Co., as owner of the bonds, is pressing foreclosure proceedings.

The company also controls by ownership of stock the York Road Turnpike, the Charles Street Avenue Turnpike, the Harford Turnpike and the Baltimore & Jerusalem Turnpike.

Organized by a syndicate headed by Alexander Brown & Sons, see Vol. 68, p. 230, and Vol. 68, p. 476.

The United Electric Light & Power Co., of Baltimore, comprising the electric-lighting plants of Baltimore, acquired by the same syndicate, is a separate concern, but in November, 1899, the United Rys. & Electric Co. issued +2,000,000 common stock in exchange for the $,000,000 common stock of the Light & Power Co. See statement of the Power Co. below.

The Susquehanna Electric Power Company was in 1900 building a plant near Peach Bottom, Pa., capable of developing 40,000 horsepower, of which one-half was contracted for by the United Railways & Electric Co.

§§ Of these only $10,000 are still outstanding; of the remainder $1,111,000 have been canceled, having been exchanged for the United Railways & Electric Co.'s 4 per cent bonds, while $129,000 are held in the treasury of the latter to be exchanged at pleasure.

‡ Of this issue, $30,000 are held in the treasury of the company to be exchanged at pleasure.

a This shows amounts authorized, *less* amounts reserved for underlying bonds, acquisitions, improvements, etc.

b In treasury of City Passenger Ry., and mortgage will probably be foreclosed and bonds canceled.

SECURITIES—Of the $38,000,000 of 1st consolidated bonds, $22,393,000 have been issued, $13,505,000 have been set aside for the retirement of underlying securities, and $2,102,000 reserved for betterments, improvements, extensions and expenses of consolidation. In March, 1899, $18,000,000 of this issue was offered for sale by Brown Bros. of New York, Philadelphia and Boston, Alex. Brown & Sons, and Mercantile Trust & Deposit Co. of Baltimore. In April, 1900, Alexander Brown & Sons took a further block of $3,000,000 of the bonds.

The plans originally provided for the issue of $14,000,000 of preferred stock, but it was arranged that at the option of the holders the same could be converted into income bonds, bearing 4 per cent if earned and payable at the option of the company after March 1, 1949. The option of conversion has been exercised to the extent indicated above.

On Feb. 28, 1900, the 50-year 1st con. mort. and also the income bonds were listed on the Phila. Stock Exchange; the stock, the consols and the income bonds are all listed on the Baltimore Exchange.

DIVIDENDS.—Dividends of ½ of 1 per cent were paid in June 1899, and 2½ p. c. in Dec., 1899, and 2 p. c. each on June 1 and Dec. 1, 1900, on both the income bonds and the preferred stock, the payment on the stock (but not on the bonds) being subject to a deduction of one quarter of one per cent for taxes.

ROAD—Miles of track, 359; cars, 1,512; gauge, 5 ft. 4½ in.

BAY CITIES CONSOLIDATED RAILWAY

A trolley road. Combined population of territory supplied in 1898 (estimated) about 45,000.

No coupon on the $381,000 1st consols has been paid since that for Sept. 1, 1895. The bondholders' committee, of which Geo. E. Shaw, Phila., is Chairman, represents about 80 p. c. of the outstanding issue. The committee stated that a large expenditure of money was necessary o make needed improvements, that as the stockholders were unable to

supply this money, it would have to be furnished by the bondholders either through the further surrender of coupons for a series of years or by direct contribution. Improvements will be completed in 1901.

RECEIVERSHIP.—In July, 1899, the property was placed in the hands of M. P. Heraty of Philadelphia and J. C. Weadlock of Bay City, as receivers.—V. 69, p. 128. Court has authorized the issue of $295,000 receivers' certificates; the Bay City 1st mortgage for $119,000 was taken up in June, 1900, with receiver's certificates.

BOSTON ELEVATED RAILWAY.—

ORGANIZATION—The bill chartering this company was signed by the Governor of Massachusetts June 10, 1897. The bill provides for an extensive system of free transfers. In addition to regular street railway taxes the company is to pay on all lines owned, leased or operated by it ⅞ of 1 per cent of gross income and a sum equal to the excess of the dividends over 6 per cent. On the other hand, its charter is understood to "grant it exemption from reduction of fares, and also other

immunities."—(See Massachusetts RR. Commission, V. 65, p. 1223.) In August, 1898, the plans were approved by the Massachusetts Railroad Commissioners, cars to be run with electricity by the "third rail" system.—V. 67, p. 318. Ground was broken early in 1899, and elevated road is expected to be completed in May, 1901.

Lease of West End.—The West End Street Ry. is leased until June 10, 1922, at 7 per cent per annum on its common and 8 per cent on the preferred stock, in addition to all interest, rentals, etc. Possession of West End was taken Jan. 1, 1898. See lease in V. 65, p. 1223.

COST—Engineer Kimball (of the company) estimated the average cost per mile of construction, including foundation, rails, &c., but not including stations or electrical equipment, at $296,949, and the total cost of construction covering a distance of 10·29 miles was figured at $3,055,605; equipment, terminals, stations, etc., at $3,890,000; land damages at a maximum of $5,039,786, minimum estimate $3,120,491.

STOCK—Capital stock is $10,000,000 (shares $100), all paid in, the last instalment having been paid April, 1900. First dividend, 2¼ per cent, was paid Aug. 15, 1898.—V. 67, p. 221. In 1899, 5¼ p. c.; in 1900, 4½ p. c.; in 1901, Feb., 2¼ p. c.

The company has no direct bonded debt.

MASSACHUSETTS ELECTRIC COMPANIES.—(*See Maps Pages 14 and 15.*) Electric light and street railways.

ORGANIZATION—Formed in May, 1899. Is not an incorporated company, but a voluntary association managed by a board of fifteen trustees, who hold the title to its assets. Messrs. E. Rollins Morse & Bro. and Tucker, Anthony & Co. of Boston, who promoted the combination, in June, 1899, in offering some of the stock for public subscription [$1,000 of preferred and $500 common was offered for $1,050], stated that "the Declaration of Trust contains strict provisions against the creation of any indebtedness whereby any shareholder or trustee can be held to any personal liability." The following is a list of the companies originally controlled, also including those since added. For details regarding their earnings and condition, see statements below. A good many of these separate companies have since ceased to exist, having been amalgamated with others in accordance with the plan of the management to combine the various properties into a few large companies. Roads already merged are designated by an asterisk (*) prefixed to the name.

The foregoing comprise electric street railway lines in Eastern Massachusetts and Rhode Island. The companies given cover the greater part of the street railway mileage north of Boston as far as Nashua, N. H., and Newburyport and Gloucester, Mass., and south as far as Fall River, Mass., and Newport and Providence, R. I., connecting directly with the street railway system of Boston. Various electric lighting companies doing business in the same section are also included. In November, 1900, the trustees held 104,259 of the 114,374 outstanding shares of stock of the companies above enumerated.

STOCK & BONDS.—The share capital is represented by certificates of participation, which give the owners a proportionate interest in the shares held by the trustees. Both classes of shares are reported exempt from taxation in Massachusetts. The following shows stock outstanding after absorption of South Shore & Boston and Lowell & Suburban.

Companies Controlled by Massachusetts Electric Companies.

(1) BEVERLY & DANVERS STREET RAILWAY.—Electric.

Controlled by Massachusetts Electric Companies through Lynn and Boston RR. Stock, $12,000; bonds, $40,000; miles of track, 4½.

(2) BROCKTON STREET RAILWAY.—A trolley road.

ORGANIZATION—Incorporated in 1880. A consolidation of the Brockton Street Railway, East Side, Brockton & Holbrook and Whitman street companies. Acquired in 1899 by Massachusetts Electric Companies, and in 1900 was consolidated with the Boston Milton & Brockton, the Brockton Bridgewater & Taunton, the Brockton & East Bridgewater and the Taunton & Brockton. Subsequently was also consolidated with the Quincy & Boston (capital, $767,400) and the New Bedford Middleborough & Brockton (capital, $350,000), the basis of exchange being share for share; in Nov., 1900, was also given authority to issue $363,600 additional stock for floating debt, &c.

In Nov., 1900, Mass. RR. Commissioners approved proposition to purchase the South Shore & Boston and the West Roxbury & Roslindale, and to issue $1,665,000 additional Brockton stock for that purpose. The South Shore & Boston comprised the Braintree & Weymouth Street Railway, the Bridgewater Whitman & Rockland, (the Hingham Street Railway (the latter being a consolidation of the Hingham, the Hull and the Nantasket Electric), the Hanover Street Railway and the Rockland & Abington Street Railway. The West Roxbury & Roslindale St. Ry. had previously absorbed the Norfolk Suburban, the Norfolk Central and the Needham & Boston.

In Jan., 1901, also received authority to acquire the Globe St. Ry. (after the Globe St. Ry. had first absorbed the Dighton Somerset & Swansea St. Ry., the Taunton St. Ry. and the Providence & Taunton) by issuing Brockton stock, share for share, for the $1,440,000 Globe stock. This makes total authorized stock of Brockton St. Ry. $5,781,000.

(5) LYNN & BOSTON RAILROAD—An electric road.

ORGANIZATION—Incorporated under laws of Massachusetts April 6, 1859, and was formerly controlled through ownership of stock by the North Shore Traction Co., which in 1899 was dissolved. Now controlled by Massachusetts Electric Companies. In 1900 absorbed the Gloucester St. Ry. and the Wakefield & Stoneham St. Ry. and increased stock from $1,266,000 to $2,271,000. In June, 1900, petitioned Mass. RR. Commissioners for a further increase of $1,500,000 but in Nov., 1900, Commissioners gave permission to issue only $1,016,000 and fixed price at 130; most of the proceeds will go to fund the $789,000 coupon notes of 1897 and to provide for $161,000 of bonds which matured in May, 1900. See V. 71, p. 964. Total stock will thus be $3,287,000.

The Massachusetts RR. Commissioners have been petitioned for authority to consolidate this road with the Lowell Lawrence & Haverhill ($2,700,000 stock) and the North Woburn ($100,000 stock and the right to issue $2,800,000 additional stock for this purpose.

CONNECTICUT RY. & LIGHTING CO. *(See Map, page 17.*

This property is controlled by the United Gas Improvement Company of Philadelphia. It was organized as the Connecticut Lighting & Power Co. in 1899 for the purpose of uniting various street railway and light and power properties in Connecticut, but name changed as at present in January, 1901. V. 71, p. 1269; V. 72, p. 44. It is a consolidation of the following companies, whose franchises are said to be perpetual:

Bridgeport Traction Co.	Norwalk & So. Norwalk El. Light Co.
Central Ry. & Elec. Co of New Britain.	Norwalk Street Railway Co.
Derby Street Railway Co.	Norwalk Tramway Co.
Greenwich Gas & Electric Light Co.	Shelton Street Railway Co.
Milford Street Railway Co.	Southington & Plantsville Tramway.
Naugatuck Electric Light Co.	Waterbury Traction Co.
Norwalk Gas Light Co.	Westport & Saugatuck Street Ry. Co.

It also controls by lease the Waterbury Gas Light Co. and owns the entire stock of the Housatonic Power Co. In Jan., 1901, was also reported to have acquired the Westport Water Co. and the Westport Electric Lighting Co.

Bonds.—Redmond, Kerr & Co. and J. & W. Seligman & Co. offered the $9,350,000 bonds for sale in Jan., 1901. V. 71, p. 1269. It was then stated that all the bonds of the constituent companies had been taken up, excepting small amounts of the bonds of the Bridgeport Traction Co., the Conn. Lighting & Power Co. and the Derby St. Ry Co., the latter being a minor issue (original amount only $150,000). and subject to call April, 1904. Enough of the $9,350,000 bonds is reserved to retire the prior bonds still out. The remainder of the $15,000,000 new bonds may be issued from time to time for new construction, improvements and betterments.

ROAD—The railways embraced comprise 161 miles of track reaching Milford, Bridgeport, Stratford, Southport, Shelton, Derby, Ansonia, Westport, Saugatuck, Norwalk, South Norwalk, Darien and Stamford. System connects with the Winchester Avenue Railroad into New Haven, and company also has a traffic contract with the Hartford Street Railway for reaching Hartford.

EARNINGS—The net earnings of the constituent companies, operated separately, for the year ending June 30, 1900, are reported as $505,335.

*Composing guaranty fund for performance of Brooklyn City Railroad Company's lease.

The *Brooklyn City RR. Co.* is held under a 999-year lease, dated Feb. 14, 1893, guaranteeing all fixed charges, organization expenses, taxes and 10 per cent dividend on $12,000,000 of stock. The lease is nominally to the Brooklyn Heights RR. Co. but practically to the Brooklyn Rapid Transit Co., since that company owns the entire capital stock of the Brooklyn Heights Company and guarantees payment of dividends to lessor. In 1898 the Heights Company leased the Brooklyn Queens County & Suburban RR. The lease is renewed every year, rental being fixed charges, taxes and organization expenses. On April 1, 1899, the Heights Company leased the Brooklyn Union Elevated RR. Co.—see terms under the latter—and also on the same date the Nassau Electric RR. See terms under Nassau Electric.

The Brooklyn Rapid Transit Company in April, 1899, also acquired through one of its constituent companies, all the franchises and properties of the former Brooklyn & Brighton Beach RR. Co., and has converted it into an electric road. The company also then leased for the period of 999 years the Prospect Park & Coney Island RR. (see terms under the latter), the New York & Coney Island RR. and the Prospect Park & South Brooklyn RR. In November, 1899, acquired all the stock of the Kings County Elevated Railroad, which has since been consolidated with the Brooklyn Union Elevated.

In April, 1900, the Brooklyn Heights Company began suit against the Brooklyn City RR. to recover about $2,000,000 for failure to fulfill obligations claimed to be imposed by the terms of the lease between the two companies.

* Subject to call July 1, 1916. † Subject to call. ‡ Subject to call in 1916. § Five per cent after Feb. 1, 1905.

STOCK—Stock authorized is $45,000,000; issued $45,000,000. The stock was formerly held in a voting trust, but this terminated January 1, 1900, and control is now vested in the owners of the shares.

In the reorganization of Long Island Traction the old $30,000,000 stock paid an assessment of $10 per $100 share, the old stock being reduced to $20,000,000, and $7,000,000 of 5 per cent bonds being authorized, against $3,000,000 of Long island Traction.

The Rapid Transit stockholders voted Feb. 11, 1899, to increase the stock from $20,000,000 to $45,000,000.—V. 68, p. 185, 329.

In April, 1899, stockholders were given the privilege of subscribing for new stock to the extent of 7% of their holdings at par.

Bonds—Of the $7,000,000 50-year gold 5s of the Brooklyn Rap.Trans., $1,875,000 took up collateral trust notes, $3,000,000 went to stockholders for the assessment; balance for future requirements of the road. For description of property covered by the mortgage see V. 62, p. 1138. See also application in V. 67, p. 904.

Brooklyn City RR. mortgage of 1891 is for $6,000,000 and is a first lien on the old Brooklyn City road and a consol. lien on the lines acquired by consolidation in 1890. Of the $6,000,000 issued, $4,373,000 are in the hands of the public and the balance is held in the guaranty fund.

The total authorized issue of first consolidated mortgage gold 5s of the Brooklyn Queens County & Suburban RR. is $4,500,000, of which $1,666,000 are reserved for extensions, on which they will be a first lien. Of the $2,834,000 outstanding, $2,255,000 in 1898 were endorsed with the guaranty of the Brooklyn Heights RR. Co. as to principal and interest, and in January, 1899, provision was made for guaranteeing the remainder on the payment of ten dollars per bond Both B. Q. C. & S. loans are subject to call in 1916.

The Sea Beach Ry. 1st 4s also are guaranteed as to principal and interest by the Brooklyn Rapid Transit Co.—V. 65, p. 1219.

The Nassau Electric bonds are guaranteed (by endorsement on each bond) by the Brooklyn Heights RR. Besides covering the mileage directly owned they are a lien by a supplemental agreement upon the stock of the Coney Island & Gravesend Ry. and the Sea Beach Ry. and will become a direct lien on these lines as soon as they have been formally merged in the Nassau Electric. Of the total of $15,000,000 bonds authorized the unissued remainder is reserved for prior liens. See listing application in V. 72, p. 342.

The company on May 29, 1900, increased the fare to Coney Island to 10 cents on the Sea Beach and Culver lines, the extra fare being collected at 22d Ave. In July, 1900, the Appellate Division of the Supreme Court sustained the right to collect the extra fare. See V. 71, p. 181. Only one fare is charged from 39th Street Ferry or Hamilton Ferry to the Island.

REPORT—The annual report will be found in V. 71, p. 338 and 1267. The method of operation is to have all the railroad companies leased to the Brooklyn Heights Railroad Company, which is the operating company, and the income of the Brooklyn Rapid Transit Company consists of the surplus profits of the Brooklyn Heights Company, and such moneys as it may receive from the stocks and bonds held by it. The table below gives the statement of the Brooklyn Rapid Transit and constituent companies. The operations of the Kings County Elevated for the first quarter of the fiscal year are not included in either year, that company having been operated independently in that period.

Companies Controlled by Brooklyn Rapid Transit Company.

(1) BROOKLYN UNION ELEVATED RR.—Formerly a steam road now electric.

ORGANIZATION—Organized in January, 1899, as successor of the Brooklyn Elevated RR. and its allied lines per plan in V. 64, p. 609. All the old mortgages were foreclosed and the properties were on Feb. 16, 1899, transferred to this company. On May 24, 1900, acquired all the stock of the Kings County Elevated Railroad and was consolidated with it. The Kings County had previously absorbed the Sea View RR. The Kings County El. RR. was a reorganization after sale at foreclosure on July 6, 1899, of the Old Kings County Elevated Railway and the Fulton Elevated Railway. The foreclosure was in accordance with plan in V. 68, p. 724.

Lease.—On April 1, 1899, road was leased to Brooklyn Heights RR. Co. for one year for $100,000 and fixed charges, organization expenses and taxes. Provisional renewal has been made pending arrangements for a permanent lease.

On June 30, 1900, the Brooklyn Rapid Transit owned $12,192,972 common and $4,714,353 pref. stock of the Brooklyn Union, also $3,111,000 of the latter's bonds and $2,000,000 of the Kings County bonds.

ROAD—The Brooklyn Union embraces 67·82 miles of single track elevated road and 19·91 miles of single track surface lines. The New York and Brooklyn Bridge has 3·60 miles of track in addition.

On July 1, 1898, the operation of the Bridge railroad was commenced. See terms of contract in V. 67, p. 27, 426. In April, 1898, an agreement was made with Long Island RR. providing for joint construction of connecting line at East New York and running of through trains from Jamaica to Brooklyn Bridge and from Rockaway Park to Broadway ferries. Construction begun in Nov., 1898, and work completed in February, 1899.—V. 67, p. 1054.

ANNUAL REPORT—Earnings are now included in Brooklyn Rapid Transit.

OFFICERS.—President, Clinton L. Rossiter; Vice-President, T. S. Williams; Secretary and Treasurer, C. D. Meneely.—V. 70, p. 229; V. 71, p. 340.

(3) NASSAU ELECTRIC RAILROAD.—trolley road.

ORGANIZATION—Chartered March 13, 1893, under the laws of New York. Opened in July, 1895, and in April, 1896, leased the Atlantic Avenue RR., etc. Cars commenced running over the Brooklyn Bridge Feb. 15, 1898—see V. 66, p. 383. As stated above, the Rapid Transit Company owns the whole $8,500,000 common stock of the Nassau Electric and $6,052,000 out of the $6,500,000 preferred stock.

Lease.—April 1, 1899, the Nassau was leased for one year to the Brooklyn Heights RR., and Feb. 13, 1900, a lease for 999 years was made from Apr. 1, 1900. Under the lease the Heights Company will pay all fixed charges, taxes and organization expenses of the Nassau Company, and in addition all net earnings from the property leased, the latter to be not less each year than 4 per cent on the $6,500,000 outstanding Nassau preferred stock.

The Nassau Electric Railroad owns the entire amount of stock ($659,000) of the Sea Beach Railway; also entire stock ($35,400) of the Coney Island & Gravesend Ry. The Nassau Electric underwent re-capitalization in 1898—see V. 66, p. 39, 183. The assets of the Kings County Traction Co. were purchased at public sale in July, 1898, by the syndicate conducting the consolidation.—V. 67, p. 74, 125. Certificate of merger of Atlantic Ave. RR. and United RR. (the latter being successor to the Brooklyn Cable Company sold at foreclosure Dec. 23, 1897) was filed on Jan. 26, 1899.—V. 68, p. 283, 821.

The International Traction Co. holds all the outstanding stock (except a few shares held by the directors) in the case of the stocks marked with an asterisk (*) in the foregoing; it also holds $5,357,100 of the Buffalo Railway Co. stock of $5,370,500, while the Buffalo Railway in turn owns the entire stock of the Crosstown Street Railway and the stock of the Buffalo Traction and the Buffalo Bellevue & Lancaster. The Niagara Falls & Suspension Bridge Ry. Co. owns the entire capital stock of the Niagara Falls Whirlpool & Northern Ry.

BONDS—The stocks marked (*), excluding the few shares needed to qualify directors, together with $5,354,600 Buffalo Railway stock and $60,000 bonds of the Tonawanda Street Railway, are pledged as security for the new collateral trust loan. Of the $30,000,000 authorized issue of the collateral bonds, $12,285,000 are reserved to take up the underlying liens which are not to be disturbed at present, and $5,000,000 are to be reserved to be used for future betterments, improvements, etc.

The Lockport & Olcott bonds, covering 13 miles of road between Lockport and Olcott and a branch of 3 miles, were issued subsequent to the creation of the collateral trust issue and the stock of that road does not at present come under the collateral lien.

CHICAGO GENERAL RY.—An electric road.

ORGANIZATION—Incorporated October 21, 1893, for 50 years. The West & South Towns St. Ry. (formerly leased) was purchased in May, 1896, and consolidated. BONDS ($500 and $1,000 each) authorized $3,000,000, reduced from $10,000,000 in Dec., 1896.—V. 63, p. 1114.

On Sept. 7, 1899, instituted two-cent fares on its branch lines (selling 12 tickets for 25 cents), without transfer, however, to main line.

Dissensions arose between stockholders and holders of floating debt and on April 14, 1900, President J. H. Witbeck filed a bill for the appointment of a receiver, and on the 17th Frank H. Sellers of Chicago was appointed receiver. A reorganization committee consisting of James P. Black, Lyman M. Paine and Glenn E. Plumb, proposed that bondholders surrender one-half or more of their bonds for cancellation, accepting double the amount in stock. They were asked to deposit their bonds with the Real Estate Trust Co. of New York. Up to February, 1901, no definite progress had been made with the reorganization. A stockholders' committee consisting of Charles L. Bonney (General Counsel of the Company) and Wm A. Goodman and Joseph P. Mahoney, all of Chicago, has also been formed.

The May and November, 1900, interest on the $1,438,000 of gen. mortgage 5s was defaulted, and the August, 1900, and the February, 1901, interest on the West & South Towns 6s was also defaulted.

CHICAGO UNION TRACTION.—Cable and electric

ORGANIZATION.—Incorporated in Illinois June 3, 1899, by the Elkins-Widener-Whitney syndicate and purchased for $10,000,000 cash the holdings of stock of Chas. T. Yerkes in the West Chicago and North Chicago roads. These holdings consisted of $3,200,000 West Chicago stock and $2,000,000 North Chicago stock. Subsequently the two systems were leased, the West Chicago for a yearly rental equal to 6 per cent on the stock and the North Chicago for a rental equal to 12 per cent on the stock, the leases being dated June 1, 1899. By a tripartite agreement entered into on the same date the Union Traction Company's holdings of stock of the two roads are to remain in trust with the Illinois Trust & Savings Bank of Chicago "for all time" as security for the leases.—See V. 68, p. 1131.

On April 14, 1900, negotiations for the acquisition of the Chicago Consolidated Traction were consummated. The Union Traction paid $45 in bonds of the Chicago Consolidated Traction bearing 4½ p. c. interest and guaranteed by Union Traction and $1 50 in cash for each share of the Consolidated company's stock. In April, 1900, it was reported that $13,500,000 of the total issue of $15,000,000 stock of the Consolidated Traction had been turned over under this plan.—V. 70, p. 791.

STOCK AND BONDS.—The $12,000,000 preferred stock was subscribed for at par, a bonus of 50 per cent, however, being given in common stock.—V. 68, p. 1225. There was thus $2,000,000 cash left after the payment of $10,000,000 to Mr. Yerkes, and this $2,000,000 was spent for improvements and extensions of the lines acquired.

In December, 1899, both issues of stock were listed on the New York Stock Exchange. V. 69, p. 1299.

(1) CHICAGO CONSOLIDATED TRACTION.—Electric roads.

On April 14, 1900, the directors of this company authorized agreement for the absorption of the company by the Chicago Union Traction. The latter company paid $45 in Chicago Consolidated Traction bonds, guaranteed by the Chicago Union Traction, and $1 50 in cash for each $100 of stock.—V. 70, p. 791. Sutro Bros. & Co. of New York are seeking to have the arrangement declared invalid. See V. 71, p. 28, 181.

ORGANIZATION—The Chicago Consolidated Traction was organized in Feb., 1899, to unite the suburban lines of North Chicago and West Chicago. It acquired the stock of the following roads (V. 68, p. 769).

Int. at Equitable Tr. Co., Chicago, Trustee,

Interest and principal guaranteed by Chicago Union Traction.

The new bonds for $6,750,000 are guaranteed, principal and interest, by the Chicago Union Traction. The Chicago Consolidated Traction when it was organized assumed the bonds of the constituent companies (which it agreed to guarantee) and also the lease of the Chicago North Shore Street Railway under which 6 per cent dividends are paid on the $650,000 stock of the latter. The statement to the New York Stock Exchange under date of March 27, 1899, showed that the mortgage indebtedness of the constituent companies assumed aggregated $6,085,000, including the $650,000 stock of the Chicago North Shore Street Railway. Below is the debt of the constituent companies in detail. By the terms of the several trust deeds of these mortgages, no additional bonds can be issued except for construction, and then for only 75 per cent of the actual expenditure therefor.

Bonds—The N. C. St. R.R. mortgage provides for the issuing (by and with the consent of the trustee) of bonds for permanent improvements, in amount equal to 75 per cent of such improvements. To Feb., 1901, there had been issued: Dated July, 1886, due 1906, $1,500,000; July, 1889, due 1909, $1,250,000; Jan., 1896, due 1916, $421,000. The North Chicago City Ry. 1st mortgage for $500,000 was originally a 6 per cent issue, but when bonds fell due July 1, 1900, they were extended for 27 years at 4 per cent. See V. 70, p. 1195.

Of the $4,800,000 consol. and ref. bonds of 1901, $1,260,000 will be used to retire the $1,260,000 6 p. c. debenture certfs., which have been called for payment April 1, 1901, $298,000 will be issued to replace debentures redeemed July 1, 1900, and $3,171,000 will be reserved to take up the first mortgage bonds when they mature.

Has guaranteed $649,000 North Chicago Electric Ry. and $255,000 Chicago Electric Transit bonds; also North Side Electric St. Ry., $155,000 bonds, and Evanston Electric Ry., $130,000 bonds.

Stock—North Chicago Street stock for $1,100,000 was issued in January, 1896, of which $550,000 for part payment of extra dividend and $550,000 was offered to stockholders at par.—See V. 62, p. 41. In April, 1898, $1,320,000 additional stock was sold to stockholders at par to retire $500,000 certificates of indebtedness of 1891 (the $298,000 outstanding balance of which was called for payment July 1, 1900) and for extensions, etc. This increased outstanding stock to $7,920,000, of which $5,920,000 is held by the public and $2,000,000 in trust as above.—V. 66, p. 761, 811; V. 70, p. 46, 1195.

(3) WEST CHICAGO STREET RR.—

ORGANIZATION—Incorporated July 19, 1887 under laws of Illinois.

LEASES.—Control of the *Chi. W. Div. Ry.* (96 miles track) was acquired through purchase of a majority of its shares (6,251) of capital stock, and the road leased for 999 years from Oct. 20, 1887, at an annual rental of $35 per share, the principal and interest of its bonds being assumed—see V. 65, p. 281. Of the *Chicago Passenger Ry. Co* (34 miles track) stock, the Chi. W. Div. Ry Co. owns a majority ($730,100), and the road was leased March 15, 1889; lease extended in 1897 for 50 years to the West Chicago Street RR. The West Chicago St. RR. Co. agrees to pay 5 per cent a year on capital stock of the Passenger Ry. Co. and to guarantee its fixed charges. The West Chicago formerly leased Cicero & Proviso St. Ry. and Ogden St. Ry., but these roads have now passed to the Chicago Consolidated Traction.

In Feb., 1899, all the suburban leased lines of the North Chicago and West Chicago systems were acquired by the Chicago Consolidated Traction, which see above.—V. 68, p. 86, 769, 1195.

In June, 1899, the West Chicago was leased to the Chicago Union Traction for a yearly rental equal to 6 per cent on the stock.—V. 68, p. 1131.

Bonds.—Of the $12,500,000 consols under the mortgage of November, 1896, $3,886,000 can be issued only on retirement of an equal amount of the outstanding first mortgage 5s, and $2,500,000 for improvements and extensions at 75 per cent of the cost thereof. In February, 1897, a sale of $6,000,000 of the consols was made to a syndicate. The mortgage covers 202·7 miles of track, including West Chicago Street RR., 72·7 miles (owned); Chicago West Division Ry., 96 miles (leased), and Chicago Pass. Ry., 34 miles (leased). See V. 64, p. 176, 333, 472. Chicago Pass. Ry. consol. 5s are reserved to retire the 1st 6s. —V. 65, p. 235.

Stock.—Recent issues—April. 1, 1893, $1,000,000; Aug. 1, 1893, $1,100,000, and Nov., 1893, $1,089,000.

Chicago West Division Stock is $1,250,000, of which $625,100 is owned by the West Chicago Street Co., the remainder ($624,900) being guaranteed 35 per cent yearly under the lease. *Chicago Passenger Railway* stock $2,000,000, having been increased from $1,000,000 in 1896, but only $1,340,300 stock has been issued. The West Chicago St. RR. Co. guarantees under operating contract 5 p. c. on stock, of which $730,000 is owned by West Chicago.

GENERAL FINANCES.—Application dated June 29, 1897, for listing the stock and bonds on the N. Y. Stock Exchange was given in full in V. 65, p. 281, including general balance sheet of June, 1897, and detailed information regarding the leases and finances of the company.

NORTHERN ELECTRIC RAILWAY—

ORGANIZATION—Chartered in 1894 for 50 years. Capital stock is $50,000. 1st mortgage bonds dated 1894, due June 1, 1914, $50,000; trustee, Chicago Title & Trust Co. Owns 5 miles of track from 56th to 68th Streets on North Ave. Extension to Franklin Park planned.

In May,'99, a controlling interest was acquired by Cleveland people.

OFFICERS.—Pres't, B. Mahler; Sec., G. W. McKisson; Treasurer, Edward Moore.—V. 68, p. 1077.

NORTHWESTERN ELEVATED RR.—

ORGANIZATION—This road was promoted by a syndicate headed by Blair & Co. of New York, who, in Dec., 1898, advanced $4,500,000 to build the road. Loan was secured by a deposit of all the stock and bonds of the company. On Dec. 29, 1899, a new mortgage was authorized as below and the previous mortgage canceled. With the proceeds the Blair loan was paid off March 1, 1900, thus releasing the holdings of stock, which were subsequently distributed among the shareholders of the Columbia Construction Co. Both classes of stock, however, have been lodged in a voting trust, as more fully stated in a subsequent paragraph. Stockholders of the Columbia Construction Co. had the right to take the bonds at 99.

All the right of way is owned in fee, except at street crossings. Road was to be completed Jan. 1, 1900, but Chicago Common Council (V. 70, p. 39, 76, 125,) granted extension of time to comp'ete sub-structure to May 31, 1900, and to Jan. 1, 1901, for the building of stations. A payment of $100,000 was exacted for the extension. Road was formally opened for business on May 31, 1900. V. 70, p. 1049.

The company is arranging to call the $5,000,000 5 per cent bonds and replace them with 4 per cents.

POPULATION 1900 WAS 59,364; IN 1890 WAS 43,648; AND IN 1880 WAS 30,999.

JERSEY CITY HOBOKEN & PATERSON RY.—An electric system.

This is a consolidation Nov., '99, of practically all the trolley roads in the northern part of New Jersey except the North Jersey Street Railway, and this latter is controlled by the same interests, namely the Shanley-Young syndicate. V. 69, p. 955. The Jersey City Hoboken & Paterson comprises the following roads:

Jersey City Hoboken & Rutherford Electric.
North Hudson County (controlling the Hudson & Bergen Traction and the Pavonia Horse RR.).
Palisades RR.
Paterson Central Electric.
Paterson Horse RR.
Paterson Passaic & Rutherford Electric.
Paterson Railway.
Saddle River Traction.
White Line Traction, formerly the New Jersey Electric.

All the above roads had been previously merged, except the Paterson Ry. and the North Hudson County, and in April, 1901, it was announced that the entire capital stock of these two companies had been acquired.

STOCK AND BONDS.—The company made a mortgage for $20,000,000, as described below. Of the new bonds, $10,500,000 are outstanding at the present time. These have been used to acquire the stocks of the various roads absorbed, and to retire the $2,459,375 White Line Traction five per cent ad-interim mortgage. The $404,000 North Hudson County debenture 6s and the $300,000 of Paterson City Railway 2d general 6s are subject to call at any time. The remaining old bonds are not subject to call, but it is expected will be largely retired by voluntary exchange for the new bonds.

ALBANY & HUDSON RAILWAY & POWER

—Is a consolidation of Hudson Street Railway, Hudson Light & Power Co, Kinderhook & Hudson RR., Greenbush & Nassau Electric Ry., Citizens' Electric Light & Power of Hudson and Kinderhook Power & Light Co. Also owns the stock and bonds of the East Albany Gas Light Co. and the Rensselaer Lighting Co. In October, 1900, cars began running from Hudson via Rensselaer to Albany, operated by the third-rail system. The new company remodeled the old Kinderhook & Hudson, formerly a steam road, and built a 19-mile connecting link between Niverville and Albany and also a new steel bridge at Rensselaer, 1,900 feet long, to cross the New York Central and Boston & Albany railroads. It will also supply light and power along its route. The main power station is located at Stuyvesant Falls.

INDIANAPOLIS STREET RAILROAD.—A trolley system.

ORGANIZATION.—Incorporated in Indiana, March 7, 1899. After acquiring the Citizens' Street RR. of Indianapolis and the City Railroad, made a contract with the City of Indianapolis agreeing to surrender the rights and franchises of both companies and accept a new franchise running only thirty-four years. The contract also provides that cash fares are not to exceed five cents, with free transfers, and tickets are to be sold at the rate of six for twenty-five cents and twenty-five for one dollar.

The company also binds itself to pay over to the city (which is to expend it on the public works) the sum of $30,000 yearly, from 1899 to 1925, and $50,000 yearly, from 1926 to 1932, inclusive, the contract expiring in 1933—see V. 68, page 723. The city gets the right to purchase the property "at any time within two years and not later than one year before the expiration of this contract," nothing to be paid for the value of the franchise.

Under the plan of consolidation the stock of the Citizens' RR. was exchanged for Indianapolis Street Ry. securities, but the bonds of the Citizens' RR. remained undisturbed. Citizens' stockholders got a $1,000 4 p. c. gen. mtg. bond of the Indianapolis Street RR. and $200 in Indianapolis Street RR. stock for every 20 shares of Citizens' stock. As to the three-cent-fare case, which the U. S. Court of Appeals decided in favor of the Citizens' Co. in Dec., 1897, see SUPPLEMENT of Nov., 1898, and V. 64, p. 842, 1180; V. 65, p. 51, 181, 1172.

Interest due May and November on Citizens' consols of 1893 is payable at Fourth Street National Bank, Philadelphia.

The mortgage of 1899 was for $7,000,000, $1,000,000 being reserved to take up the $300,000 1sts due July, 1901, and the $700,000 2ds due June 1, 1900, of the old Citizens' Street road, but no bonds reserved for the $3,000,000 Citizens' consols. The $700,000 2ds, however, were in June, 1900, taken up by the issue of additional Citizens' consols. The $300,000 Citizens' St. Ry. 1sts will be taken up in the same way, and accordingly $1,000,000 of the Indianapolis St. Ry. 4s reserved have been canceled.

Stock and bonds are listed on the Philadelphia Stock Exchange.—V. 69, p. 851.

METROPOLITAN STREET RAILWAY—Cable and trolley.

ORGANIZATION—Incorporated July 19, 1886. In May, 1894, the company secured control, by purchase of all the capital stock, of the Kansas City El. (20·58 miles) and assumed the debt of that company. In like manner it controls Kansas City & Rosedale St. Ry. and South Suburban St. Ry. In June, 1895, the charters of all the constituent companies were extended to 1925. V. 60, p. 1105; V. 67, p. 634. In July, 1899, was granted franchises for various new lines, the company agreeing to pay the city 2 per cent of the cash fares collected from business originating on these lines. The Central Electric Railway (of 16 miles track), Kansas City, is also controlled, the entire capital stock ($2,500,000) being owned.

In 190' absorbed by purchase of the entire capital stock the East Side Electric Ry.; this company has no indebtedness, but will probably be bonded for the amount of purchase price when road is formally turned over.—V. 72, p. 775.

In October, 1898, P. D. Armour and Norman B. Ream purchased a controlling interest in the stock, and in June, 1899, elected their own board of directors.

The 10-year notes issued in 1901 were taken by Blair & Co. and proceeds will provide means for carrying on the work of improvements and extensions. V. 71, p. 1311.

All bonds are for $1,000 each, and with the exception of the Minn. & St. Paul Sub. Ry. interest is payable at Farmers' Loan & Trust Company, New York.

Capital stock—The *authorized* capital stock is $20,000,000, of which $17,000,000 is common stock and $3,000,000 is 7 per cent cumulative preferred stock on which interest is payable quarterly.

For the preferred stock it is provided that if in any year dividends amounting to 7 per cent are not paid on said stock, the deficiency shall be a charge upon the net earnings of the company, and shall be paid subsequently before any dividend shall be paid upon or set apart for the common stock. In case of liquidation or dissolution of the company the holders of the preferred stock shall have prior right on the assets of the company before any amounts shall be payable to the holders of the common stock.

Dividends—All dividends on preferred to and including July, 1901 (1¾ per cent), have been paid. First dividend of 1 per cent was paid on the common stock in August, 1899; in 1900, 3 per cent; in 1901, Feb., 1½ per cent.

See full description of property in application to the New York Stock Exchange in June, 1895.—V. 60, p. 1148.

Bonds.—The *Minneapolis Street Railway* Co. jointly and severally with the Minneapolis Lyndale & Minnetonka Railway Co. has issued $5,000,000 5 per cent 30-year first mortgage and first consolidated mortgage gold bonds, of which $830,000 are held in trust by the Farmers' Loan & Trust Company to redeem the $830,000 prior lien bonds. See statement to N. Y. Stock Exchange in June, 1895. The consols are also listed in London.—V. 60, p. 1149.

The *St. Paul City Railway* Company has issued $4,388,000 5 per cent 50-year *cable consolidated bonds* (including $680,000 held by the Farmers' Loan & Trust Company, trustee. to redeem the $680,000 prior lien bonds above) under a mortgage limited to $5,500,000. Under the mortgage these bonds can only be issued against the actual cash cost of construction, under a mileage limit of $15,000 per mile. Part of these consols ($1,138,000 at latest date), are guaranteed, principal and interest, by endorsement of Twin City R. T. Co. See statement to N. Y Stock Exchange in June, 1895.—V. 60, p, 1150. Of the first cons. mort. of the St. Paul City, $234,000 were held Nov., 1900, by the Farmers Loan & Trust Co., to be exchanged for the $224,000 first mortgage bonds. The debentures which were due May 1, 1900, were all taken up by the company.

The *Minn. St. Ry. & St. Paul City Ry.* mortgage of 1901 is a joint issue of the Minneapolis Street Ry. and the St. Paul City Ry. Of the total authorized, $300,000 is reserved for future requirements. The rest was used to pay off the floating debt and to provide for $300,000 of old 6% debentures previously paid off.

ROAD—The entire system consists of 250 miles of standard-gauge road, all recently built or rebuilt, and thoroughly equipped. Two double-track electric lines, 9 miles long, connect the business centres of the two cities.

On the principal streets of the cities 80-lb. rail with welded joints and imbedded in concrete was used.

A second inter-urban line was completed and began to be operated on July 1, 1898, affording direct communication with Como Park and the State fair grounds. V. 68, p, 522.

The company leases water power at St. Anthony's Falls (capacity 10,000 h. p.), which power is now used to run the entire railway system in both cities.—see V. 64, p. 704.

FAIR HAVEN & WESTVILLE RR.—A trolley road.

ORGANIZATION—Incorporated June 20, 1860.—V. 64, p. 134. On Nov. 1, 1898, the New Haven Street Railway was purchased for $200.000 stock and $500,000 one-year notes (which were taken up when due), and consolidated with the F. H. & W.—V. 67, p. 843, 955.

In May, 1900, obtained control of the New England St. Ry., acquiring, it is reported, $750,000 of the $1,081,925 stock of the latter company. The New England St. Ry. controls the Winchester Avenue road, with the possession of which the Fair Haven & Westville will control all of the street railway lines in New Haven, as well as an extensive system to surrounding localities. A sale of the New England St. Ry. Co. holdings of stock in the Winchester Avenue was subsequently made at $49 a share to the Fair Haven & Westville, but suit was brought by the late Israel A. Kelsey to compel delivery of the shares to him, claiming to have an option on them. On March 4, 1901, the N. J. Court of Appeals decided in favor of the purchase of the Fair Haven & Westville, but purchase not yet consummated.

NEW ENGLAND STREET RAILWAY.

ORGANIZATION—Incorporated in February, 1893, under the laws of New Jersey, to control street railways in the New England States. In Nov., 1894, acquired control of a large majority of the stock of the Winchester Av. RR. Co. of New Haven, Conn. (18,000 out of 32,000 shares. Formerly also controlled the Plymouth & Kingston Ry. Co. of Plymouth, Mass., but in 1899 disposed of its holdings in the latter. See V. 63, p. 229.

In May, 1900, the Fair Haven & Westville gained control of the New England Street Ry., and the directors of the latter then arranged for a sale of the company's holdings of the stock of Winchester Avenue RR. to the Fair Haven & Westville at $49 per share, the stock of the New England Street Ry. to be reduced by the amount of the proceeds. The late Israel A. Kelsey claimed to have held an option on the Winchester Avenue stock on behalf of the A. M. Young syndicate, and brought suit to compel delivery of the stock to him. In the meantime, the Fair Haven & Westville elected new directors and new officers for the New England Street Ry. in its own interest, as below. While the question of purchase of this property has been settled favorably to the Fairhaven & Westville RR. Co. by the courts, sale had not been completed in June, 1901.

METROPOLITAN STREET RAILWAY—

Underground trolley and horse.

ORGANIZATION—Chartered on Nov. 12, 1893, and by consolidation, lease and otherwise has acquired control of practically all the street railways of Manhattan Island except the Manhattan Elevated. The latest acquisition was the purchase and lease in 1900 of the Third Avenue Railroad.

The Metropolitan Street Ry. has absorbed by consolidation the following companies, embracing the "lines owned."

IN 1893—	IN 1894 AND 1895—
Houst. West St. & Pavonia Ferry.	Metropolitan Crosstown.
Chambers St. & Grand St. Ferry.	Lexington Ave. & Pav. Ferry (Cable).
Broadway Railway.	Columbus & 9th Ave. RR. (Cable).
South Ferry RR.	

In addition the companies shown in the table of mileage as "leased etc.," have been acquired from time to time by lease or stock ownership. The latest acquisitions are: In July, 1896, the New York & Harlem RR.; in 1897 the Central Crosstown (including Christopher and 10th Street) and Second Avenue. The miles of track operated has thus been increased as follows: From 80 in 1893 to 131 in 1894, to 140 in 1895, to 172 in 1896, to 212 in 1901. The acquisition in 1900 of the Third Avenue system adds 216 miles more of track, making a grand total of nearly 430 miles of track.

The Elm Street Connecting Railway Co. was incorporated in May, 1900, in the interest of the Metropolitan Street Ry. to build a line on Elm St. from Centre St. to Great Jones St. and through Lafayette Place, a distance of 6,000 feet, as a short route for the 4th Avenue line.

In March, 1900 (V. 70, p. 584), purchased in the open market a controlling interest in the Third Avenue Railroad and in April, 1900, took a lease of the same. In July, 1900, built a strip of road across Manhattan Street, connecting the Metropolitan system with the Third Ave., and began running cars through from the Battery to Fort George.

New Electric Lines.—The Broadway line was changed from cable to underground trolley on Sunday, May 26, 1901. V. 72, p. 1055, 1080. The Lexington Ave. Line was converted May 5, 1901, and the Columbus Ave. line May 11, 1901. In addition the company is using its underground electric system on Eighth Ave. line from 158th St. to Battery Place; over the entire Fourth Avenue line; over the greater portion of the Second Ave. line; over the 23d Street line, and over the Sixth Ave. line via 59th Street and Amsterdam Ave., and over the branch of the Third Avenue Railroad to Fort George.—V. 66, p. 337, 520, 616; V. 67, p. 530, 736, 956; V. 72, p. 936, 989, 1080.

In August, 1899, began to operate the Twenty-eighth Street and Twenty-ninth Street lines exclusively with air-power cars, but in May, 1901, road began using horse cars again. In July, 1900, began operating cars by the electric storage battery system on the 34th Street Cross-Town line.

For decision in New York Supreme Court adverse to the validity of the franchise, under which the Lexington Ave. extension of the Houston West Street & Pavonia Ferry RR. and also the line across 116th Street was built, see V. 72, p. 45.

As to the relative earning capacity of the horse, cable and underground electric lines of the system see President Vreeland's statement in V. 67, p. 956; also V. 69, p. 489.

The New York Gas & Electric Light, Heat & Power Co., incorporated in Nov., 1898, with capital of $25,000,000, will distribute to the public, together with its own current, the surplus current of the Metropolitan St. Ry.—V. 67, p. 1263. The Metropolitan St. Ry. is largely interested in the International and American Air Power Co.—V. 68, p. 130. In November, 1899, President Vreeland was quoted as saying that the American Air Power Co., to the presidency of which he had just been elected, and which operates the compressed-air cars run over the cross-town lines, had been "practically under the control of that company since its formation." V. 69, p. 1060.

In October, 1897, a distribution of 20 per cent in debenture certificates (paid off Oct. 15, 1898) was made to Traction stockholders. (V. 65, p. 620.) In 1901, Jan., 1¾ p. c.; Apr., 1¾ p. c; Jan., 1¾ p. c.

BONDS—*The Lexington Avenue & Pavonia Ferry 5s* and *Columbus & Ninth Avenue 5s* were fully described in V. 60, p. 1146. Both were guaranteed and later assumed by the Met. Street Ry. Co.

The *general coll. trust* mortgage of 1897 is secured by deposit of the stocks (par value) of the Broadway & 7th Ave., $1,400,000; 42d Street & Grand Street Ferry RR., $400,000; Central Park N. & E. River RR., $300,000; 34th Street Crosstown Ry., $990,000; also all property of H. W. St. & P. V. RR., Chambers St. & Grand St. Ferry RR., Broadway Ry., So. Ferry RR., Met. Crosstown Ry., Lex. Ave. & Pav. Ferry RR., Columbus & 9th Ave., and Ft. Lee Ferry Extension; also leasehold interests, contracts, real estate (valued as below stated), etc. See application to N. Y. Stock Exchange in V. 65, p. 826.

INVESTMENTS—(See official list in V. 65, p. 826.)—The following is the par value of the principal stocks and bonds of subsidiary street railways, which in Jan., 1901, were the property of the company:

GENERAL FINANCES.—In July, 1897, $12,500,000 of general mortgage and collateral trust bonds were sold to provide for changes in motive power, etc.

In Aug., 1898, $15,000,000 additional stock was authorized (making $45,000,000), of which $10,000,000 was allotted to stockholders at par in exchange for the $6,000,000 debenture certificates (which were called October 15, 1898), and to provide $4,000,000 for change of motive power; the remaining $5,000,000 was alloted to stockholders at par August, 1899. V. 66, p. 337, 900, 1237; V. 67, p. 178, 320; V. 69, p. 27. In May, 1900, stock was increased by $7,000,000, making a total of $52,000,000. This new stock was offered to the shareholders at $160 per share in Dec., 1900. V. 71, p. 1290. The issue was used in the conversion of 23 miles of cable traction to underground electric, and for other improvements.—V. 70, p. 996.

ROAD.—The statement below includes all tracks owned by the Metropolitan Street Railway Company, all tracks owned by companies leased by the Metropolitan Street Railway Company, all tracks leased from companies not in the Metropolitan System and from city of New York.

THIRD AVENUE RAILROAD — Underground trolley.

ORGANIZATION.—Chartered Oct. 6, 1853. A cable road from Dec. 5, 1893, but in 1899 changed to underground trolley—the 125th Street line Sept. 29, 1899, the Third Avenue line above 65th Street Oct. 22, 1899, and the Third Avenue line below 65th Street on Nov. 19, 1899. In Jan., 1900, the electric line between 125th and 162d streets was completed. In Nov., 1895, purchased control of the 42d Street Manhattanville & St. Nicholas Ave. line. See V. 61, p. 872, 926. Control of Dry Dock E. B. & B. was obtained Aug. 23, 1897. (V. 65, p. 194). In January, 1898, a majority of the stock of Union Ry., N. Y., was purchased.—V. 66, p. 135. In Sept., 1898, Union Ry. purchased Yonkers RR. V. 67, p. 635. In April, 1899, the Tarrytown White Plains & Mamaroneck Ry. was acquired.—V. 68, p. 674.

A traffic agreement, which went into effect April 29, 1899, has been entered into between the Manhattan Elevated and the Third Avenue Railroad system [comprising the Third Avenue RR., the Dry Dock East Broadway & Battery, the 42d St., Manhattanville & St. Nicholas Avenue RR. and the Union Railway lines], providing for an extensive scheme of transfers at cross-town junctions, and also at the terminal points of the two systems. The transfers are granted for an additional fare of 3 cents, making the cost of the entire journey 8 cents. For the latter sum a passenger can thus ride from the City Hall and South Ferry to Yonkers, New Rochelle and Mt. Vernon.—V. 68, p. 672, 872.

Owing to failure of negotiations for a new loan to take care of a large floating debt which had accumulated and to provide means for pressing needs, the Third Avenue Railroad was on Feb. 28, 1900, placed in the hands of Hugh J. Grant as receiver. On March 19, 1900, it was announced that the Metropolitan Street Railway had purchased control of the road in the open market and would provide for the rehabilitation of the company. Arrangements were at once concluded through a syndicate, represented by Kuhn, Loeb & Co., for the sale of $35,000,000 of the $50,000,000 new mortgage described below, and on May 24 the property was restored to the company, passing into the possession of the Metropolitan Street Railway Company as owners. Kuhn, Loeb & Co. offered a block of the bonds for sale in Dec., 1900. —V. 71, p. 1168.

Lease.—On April 13, 1900, the Metropolitan Street Railway Company took a lease of the property for 999 years. Formal possession was taken May 24, 1900. For the first four years Third Avenue stock will receive only the net income above expenses and fixed charges; the next two years 5 per cent is to be paid on the stock; the succeeding four years 6 per cent; thereafter 7 per cent.

The Metropolitan Company is to be entitled to vote on the foregoing and to receive the income from the same so long as the new bonds are not in default. See particulars in V. 70, p. 1050.

There are other mortgages outstanding for $50,000.

Stock—In Oct., 1898, $2,000,000 new stock was issued, making total then outstanding $12,000,000. This new stock was offered to stockholders at par. In July, 1899, stockholders voted to increase stock from $12,000,000 to $40,000,000. The stock was to be issued as required to pay for improvements and to extinguish the floating debt—V. 69, p. 29, 182. Five millions was to be used in taking up the $5,000,000 of new stock to be issued by the 42d Street Co. as below. In Sept., 1899, $4,000,000 of the new stock was sold to the shareholders at par, raising the outstanding amount of stock to $16,000,000.

(3) UNION RAILWAY OF NEW YORK—A trolley road.

ORGANIZATION—Organized under Chapter 340 of the Laws of 1892, giving authority to consolidate the Harlem Bridge Morrisania & Fordham Ry., the Melrose & West Morrisania RR. and the North Third Ave. & Fleetwood Park RR. Validity of consolidation affirmed by Court of Appeals Jan. 9, 1900.—V. 70, p. 77. Operates from 129th St. and 3d Ave. through the Borough of the Bronx, and with subsidiary lines, continuing thence to and through Mt. Vernon.

Controlled by Third Ave. R.R., which in Jan., 1898, purchased a majority of the stock.—V. 66, p. 135. In Sept., 1898, the Union Ry. purchased Yonkers RR, and agreed to guarantee its $1,000,000 bonds, this guaranty being accepted by the Third Ave. V. 67, p. 635.

In Dec., 1899, accepted the terms proposed by Board of Estimate for the Kingsbridge RR. franchise, which are 4 per cent of gross receipts for the first 5 years, 6 per cent for the second, 8 per cent for the third and 10 per cent thereafter. The franchise is for 25 years, with privilege of renewal under certain conditions for another 25 years. At the end of the term the city acquires the property, paying for it in accordance with definitely prescribed rules for fixing its value.—V. 69, p. 1248.

The whole of the stock is pledged as security for the Third Avenue 50-million mortgage
